## Chairman's Statement

The most appropriate interpretation of “Lingyue” is “Leading and Joy”.

Property owners settle down in our community and enjoy a healthy life with our quality services and kindly company, together safeguarding our beautiful community.

The year of 2021 is the 100th anniversary of the founding of the Communist Party of China, the opening year of the “14th Five-Year Plan”, the 40th anniversary of the development of China's property management industry, and a milestone year for the Group. Since the Group was listed on the Main Board of the Stock Exchange on 12 July 2021, and entered the capital market, the Group has accurately discovered the market development trend and quickly adapted to the changes in the market. Leveraging on the development strategy of “Service+Technology+Ecology”, and the expansion strategy of “Deep Exploration in Sichuan, Main Focus on Western China”, the Group has developed stably, and achieved steady growth in its business scale and results.

As a player in the property management industry, we establish the first mission of our services, that is, endeavour to provide quality and satisfactory services to our property owners, and adhere to create a harmonious team, enhance service quality, and improve property owners' satisfaction at the same time. We enhance our communication with our property owners and understand their demands to truly realise their current needs, wants, and worries, so as to optimise our services that they needs and are unsatisfied with. We carry out good and practical activities for owners to fully achieve, protect and develop their basic interest. Property owners can feel in person the convenience and happiness brought by warm and quality services. Only in this way, we are recognised by our property owners, our employees can realise self-value, and Lingyue can achieve its corporate goal of long-term development.

The Group upholds the corporate culture of the same mind, the same ambition and the same action; the service-oriented and people-based core values; the development concept of mutual benefits and a shared future. The Group will overcome all difficulties, stand out in fierce competition and succeed in leading the new era of the property industry.

## BUSINESS REVIEW

The Group was awarded the “Top 100 Property Service Companies in China in 2021” by China Index Research Institute and improved its ranking by 19 places from last year to No. 40 in 2021. Meanwhile, we were also awarded the “Top 10 Chinese Property Service Enterprises with Capital Focus in 2021”, “Top 40 Chinese Property Service Enterprises with Comprehensive Strength in 2021”, “Top 50 Chinese Property Service Enterprises with Exemplary Customer Satisfaction in 2021”, and “Top 100 Chinese Property Service Enterprises with Brand Value in 2021” and “Leading Commercial Property Service Enterprises in 2021” by E-House Real Estate R&D Institute and China Real Estate Measurement Centre.

By deep exploring in greater Sichuan and focusing on western China, the management scale has been stably improved. As of 31 December 2021, the Group has provided property management services and value-added services in 37 cities, across 9 provinces, 1 autonomous region and 1 municipality in China, with 235 contracted projects (of which 183 projects were taken over) and contracted GFA of approximately 37.1 million square meters, representing an increase of approximately 2.4% as compared to 31 December 2020, of which approximately 20.8 million square meters of the GFA was under management, representing an increase of approximately 2.9% as compared to 31 December 2020.

We insist on high-quality services to achieve a happy and beautiful life with quality. High quality service is one of the Group’s long-standing core strategies. We uphold the service concept of “Friendship, Companionship and Warmheartedness”, further refine the graded management of services based on offline service capability and quality, and release a series of service system standards such as Three-Tier Service Standards, Case Service White Paper 2.0 and Case Refinement Manual, etc. Through a comprehensive quality management system and standardized and technological management initiatives, the Group’s service quality and reputation always remain the industry leading level. We also create happy and healthy communities for our owners through rich cultural activities.

We take community life service as the core to build diversified service ecology. With the upgrade of business model and the deepening of platform operation, we deeply penetrate in value-added community services, tap the value of community life services, and focus on building a brand of community life service covering the whole cycle of community residents’ lives, with multiple scenes and high quality. We focus on the multi-dimensional needs of owners, such as housekeeping services, decoration and fully furnished services, community retail services, asset agents, community convenient services, and other areas of comprehensive services, to provide owners with more accurate, more segmented, more professional, more convenient, and more intimate comprehensive services to achieve a better life for owners with services, and create more value for both owners and society.

## Management Discussion and Analysis

We promote the upgrading of technology to build the Smart+ Future Life Service Platform. In the Internet era, digitalization and intelligence are not only the endogenous needs of the development of property enterprises, but also the positive response to the owners' demand experience. By building a smart community from multiple aspects of healthy access, thorough guarding, perfect service, whole-house intelligence, and smart core management, we provide owners with convenient and safe community life. We insist on the strategy of both internal and external refinement and dual-core drive in digital construction, and actively explore and build the intelligent property management platform of Lingyue Service (領悅服務). The platform has integrated business operation platform, community service platform, intelligent IOT platform, infrastructure support platform, big data platform, "Lingyue Shi Xiang" owner APP and "Lingyue Jia" mobile service APP, which further optimize operation cost and improve management efficiency while enhancing user experience.

We improve the staff training system to facilitate the rapid development of the enterprise. We continuously deepen the optimization and reform of our organizational structure to support further deepening in the region and to stimulate organizational vitality. We continue to build an efficient, collaborative, flexible and innovative organizational climate driven by the "fellow traveller" culture to provide strong support for the rapid development of new businesses; we implemented attractive incentives to drive sustained team release and excellent performance; we carried out "Yuejiang Plan", "Yuechen Plan", "Dengyue Plan", "Qiangbing Plan" and other professional training programs to support the echelon cultivation and talent introduction of the company's long-term development, and to provide broad occupational development space for the talents so that they can grow with the enterprise; we insist on the core value of "service first, people oriented" to accomplish shareholders and customers.

We practice social responsibilities to connect the good. We actively respond to the national advocacy and industry call by carrying out the "City Care" series of public welfare actions, paying attention to the city builders, and caring for the city guardians struggling in the front line; we carried out "Nature Defence, Guarding Giant Panda" public welfare action to care for nature; we also create more employment and development opportunities for migrant workers and locally employed people, and also actively fulfil our tax obligations to contribute to the harmony and stability of society.

### Outlook

Looking ahead, in the new development stage of the industry, the Group will continue to uphold the brand concept of "Leading and Joy" to forge ahead with its continuously enhanced scale growth capability, property service capability, life service capability, technology application capability and organizational competition capability, and untiringly struggle with the mission of "Happy Lingyue and Healthy Life" in mind.

### BUSINESS REVIEW

#### Business Model of the Group

The Group has three business lines, namely, (i) property management services, (ii) value-added services to non-property owners and (iii) community value-added services, forming an integrated service offering to its customers that cover the entire value chain of property management.

- Property management services. The Group offers a wide range of property management services to property owners, residents and property developers, as well as tenants in non-residential properties under our management. The Group's services typically include security services, cleaning and greening services, and repair and maintenance services. The Group manages a diverse portfolio of properties, including residential properties, commercial properties and public and other properties.
- Value-added services to non-property owners. The Group offers value-added services to non-property owners, including (i) preliminary planning and design consultancy services; (ii) sales office management services; (iii) pre-delivery services; (iv) repair and maintenance services; (v) property transaction assistance services; and (vi) security support services.
- Community value-added services. The Group offers community value-added services primarily to property owners and residents to make their lives more convenient, such as (i) community space management services; (ii) decoration and turnkey furnishing services; (iii) convenient living services; and (iv) community retail services.

The Group offers comprehensive portfolio of property management services in order to diversify the Group's sources of revenue and achieve rapid growth. In recent years, the Group has been strengthening its community value-added service offerings. Leveraging its in-depth understanding of the needs of residents, the Group endeavor to further diversify its community value-added services. Community value-added services have been enhancing the Group's financial performance, as they typically generate higher profit margins, as compared to other types of property management services. The Group will continue to gain greater market shares and expand business presence in China.

#### Property Management Services

The Group has been providing property management services since its establishment in 2002. As at 31 December 2021, the Group's aggregate contracted GFA amounted to approximately 37.1 million sq.m., representing an increase of 2.4% as compared with the same time last year. As at 31 December 2021, the Group managed 183 properties with an aggregate GFA under management of approximately 20.8 million sq.m., representing an increase of 2.9% as compared with same time last year.

### FINANCIAL REVIEW

#### Revenue

The Group's revenue is mainly derived from three major businesses: (i) property management services; (ii) value-added services to non-property owners; and (iii) community value-added services. During the Reporting Period, the Group's revenue amounted to approximately RMB541.2 million, representing an increase of approximately 26.4% compared with RMB428.2 million in the same period of 2020.

The following table sets out the revenue contribution of each business segment during the period indicated:

	For the year ended 31 December			
	2021		2020	
	RMB'000	%	RMB'000	%
Property management services	<b>369,642</b>	<b>68.3</b>	298,900	69.8
Value-added services to non-property owners	<b>140,574</b>	<b>26.0</b>	113,022	26.4
Community value-added services	<b>30,958</b>	<b>5.7</b>	16,240	3.8
<b>Total</b>	<b>541,174</b>	<b>100.0</b>	428,162	100.0

Property management services is still the largest source of revenue for the Group. For the year ended 31 December 2021, revenue from property management services reached approximately RMB369.6 million, accounting for 68.3% of the total revenue of the Group. Such revenue growth was attributable to an increase in GFA under management. The increase in revenue from value-added services to non-property owners was mainly due to an increase in revenue generated from sales office management services. The increase in revenue from community value-added services was mainly due to an increase in revenue generated from decoration and turnkey furnishing services.

#### Cost of Sales

The cost of sales of the Group mainly includes (i) staff costs; (ii) subcontracting costs; (iii) costs of consumables; (iv) utilities costs; (v) office expenses; and (vi) repair and maintenance costs.

During the Reporting Period, the cost of sales of the Group was approximately RMB386.1 million, representing an increase of approximately 36.3% compared with approximately RMB283.4 million in the corresponding period of 2020. The growth rate of the Group's cost of sales was due to the growth rate of revenue.

#### Gross Profit and Gross Profit Margin

During the Reporting Period, the Group's gross profit increased by approximately 7.1% from approximately RMB144.8 million for the corresponding period in 2020 to approximately RMB155.1 million.

During the Reporting Period, the gross profit margin of the Group decreased by 5.1 percentage points to 28.7% from 33.8% for the same period in 2020, mainly due to the cancellation of the policy of exempting employee social insurance payments under the COVID-19 epidemic in the first half of 2021 and the increase of subcontracting costs as a result of the expanding GFA under management, resulting in a slight increase in sales costs.

The gross profit margin of the Group by business line is as follows:

	For the year ended 31 December		
	2021 gross profit margin %	2020 gross profit margin %	Changes in gross profit margin %
Property management services	27.2	32.6	-5.4
Value-added services to non-property owners	29.4	35.0	-5.6
Community value-added services	42.8	47.9	-5.1
<b>Total</b>	<b>28.7</b>	<b>33.8</b>	<b>-5.1</b>

### Administrative Expenses

During the Reporting Period, the administrative expenses of the Group increased by approximately 9.2% from approximately RMB61.6 million for the same period in 2020 to approximately RMB67.2 million, mainly due to an increase in labor cost.

### Income Tax Expenses

During the Reporting Period, the income tax expenses of the Group decreased by approximately 10.7% from RMB13.9 million for the same period in 2020 to approximately RMB12.5 million. The decrease in income tax expenses was mainly due to the halving income tax policy for small and low-profit enterprise in year 2021.

### Profit Attributable to Owners of the Company

During the Reporting Period, the total comprehensive income attributable to owners of the Company for the period was approximately RMB69.6 million, representing an increase of approximately 7.3% compared with RMB64.8 million for the same period in 2020.

### Trade Receivables

The Group's trade receivables mainly relate to income from property management services, value added services to non-property owners and community value-added services provided to independent third parties. As at 31 December 2021, the Group's trade receivables amounted to approximately RMB77.0 million, representing an increase of approximately RMB24.6 million or 46.9% compared with RMB52.4 million as at 31 December 2020. The increase was due to an increase in GFA under management as a result of the expansion of the Group's business scale.

### Prepayments, Other Receivables and Other Assets

As at 31 December 2021, the Group's prepayments, other receivables and other assets amounted to approximately RMB34.0 million, representing an increase of approximately 11.8% compared with RMB30.4 million as at 31 December 2020. The increase was due to an increase in value added tax recoverable.

## Management Discussion and Analysis

### Trade Payables

As at 31 December 2021, the Group's trade payables amounted to approximately RMB30.7 million, representing an increase of approximately 64.7% from approximately RMB18.6 million as at 31 December 2020. The increase was mainly due to an increase in GFA under management as a result of the expansion of the Group's business scale.

## LIQUIDITY, FINANCIAL AND CAPITAL RESOURCES

The Group has adopted a prudent financial management approach towards its treasury policy. The Board closely monitors the Group's liquidity position to ensure that the liquidity structure of the Group's assets, liabilities and other commitments can meet the funding requirements of the Group in the foreseeable future.

During the Reporting Period, the Group's principal use of cash was working capital, which was mainly funded from operations.

### CASH POSITION

As at 31 December 2021, the Group had cash and bank balances of approximately RMB275.4 million (31 December 2020: RMB68.3 million).

### CURRENT RATIO AND GEARING RATIO

As at 31 December 2021, the Group's current ratio (current assets to current liabilities) approximately 2.6 (31 December 2020: 1.4). As at 31 December 2021 and 2020, the Group did not record any interest-bearing borrowings and the gearing ratio of the Group was both nil. Gearing ratio is calculated based on the sum of interest-bearing borrowings as of the respective dates divided by total equity as of the same dates and multiplied by 100%.

### PLEDGE ASSETS

As at 31 December 2021, the pledge deposit of the Group is RMB0.1 million (31 December 2020: Nil).

### FOREIGN EXCHANGE RISK

The Group mainly operates its business in the PRC, and substantial all of its revenue and expenses are denominated in Renminbi, while the net proceeds from the Listing is payable in Hong Kong dollars. The Group does not have any policy to hedge against foreign exchange risk. However, the Group will closely monitor its foreign exchange exposure, and strive to maintain the value of the Group's cash.

### INTEREST RATE RISK

The Group's exposure to changes in market interest rate relates primarily to the Group's interest-bearing bank and other borrowings. The Group does not use financial derivatives to hedge interest rate risk, and use variable rate bank borrowings and other borrowings to manage its interest cost. As at 31 December 2021 and 2020, the Group did not have any outstanding interest-bearing borrowings.

## CONTINGENT LIABILITIES

As at 31 December 2021, the Group had no contingent liabilities.

## SIGNIFICANT INVESTMENTS HELD, MATERIAL ACQUISITIONS AND DISPOSALS OF SUBSIDIARIES, ASSOCIATES AND JOINT VENTURES, AND FUTURE PLANS FOR MATERIAL INVESTMENTS OR CAPITAL ASSETS

During the year ended 31 December 2021, the Group had undergone acquisitions and disposals of subsidiaries for the purpose of the reorganisation in preparation for the Listing. Please refer to the Prospectus for further details.

Save as disclosed in the Prospectus, there were no other significant investments held, no material acquisitions or disposals of subsidiaries, associates and joint ventures, nor was there any plan authorized by the Board for other material investments or additions of capital assets as at 31 December 2021.

## EMPLOYEES AND REMUNERATION POLICY

As at 31 December 2021, the Group had 4,121 employees (31 December 2020: 3,205 employees). For the year ended 31 December 2021, the staff cost recognised as expenses of the Group amounted to RMB252.3 million (31 December 2020: RMB209.7 million).

The Group enters into individual employment contracts with its employees to cover matters such as wages, salaries, benefits and terms for termination. The Group generally formulates its employees' remuneration package to include a salary, bonus and various allowances. In general, the Group determines employee salaries based on each employee's qualification, position and seniority. The Group has designed a periodic review system to assess the performance of its employees, which forms the basis of its determination on salary raise, bonus and promotion.

As required by PRC regulations, the Group make contributions to mandatory social security funds for the benefit of our PRC employees that provide for pension insurance, medical insurance, unemployment insurance, personal injury insurance, maternity insurance and housing funds. The employees of the Group's subsidiaries which operate in the PRC are required to participate in a central pension scheme operated by the local municipal government. These subsidiaries are required to contribute a certain proportion of its payroll costs to the central pension scheme. The contributions are charged to profit or loss as they become payable in accordance with the rules of the central pension scheme. When there are employees who leave the scheme prior to becoming fully vested in the contribution, the amount of the forfeited contribution will be used to reduce future contribution payable by the Group.

The Directors and members of the senior management receive compensation from the Group in the form of salaries, bonuses and other benefits in kind such as contributions to pension plans. The Board will review and determine the remuneration and compensation packages of the Directors and senior management, and will receive recommendation from the Remuneration Committee which will take into account salaries paid by comparable companies, time commitment and responsibilities of the Directors and performance of the Group.

## THE BOARD

The Board currently consists of seven Directors, comprising two executive Directors, two non-executive Directors and three independent non-executive Directors. The powers and duties of the Board include convening general meetings and reporting the Board's work at the Shareholders' meetings, determining the Group's business and investment plans, preparing annual financial budgets and final reports of the Group, formulating proposals for profit distributions and exercising other powers, functions and duties as conferred by the Articles of Association. The Board assumes the responsibility of leadership and control of the Company, supervises and approves strategic development objectives, significant decisions of operations and financial performance and takes decisions objectively in the best interests of the Company.

The Board should regularly review the contribution required from a Director to perform his responsibilities to the Company, and whether the Director is spending sufficient time performing them.

Senior management of the Company is responsible for the day-to-day operations and management of the Group's business. Executive Directors and senior management of the Company meet regularly to review the performance of the businesses of the Group as a whole, co-ordinate overall resources and make financial and operational decisions. The Board also gives clear directions as to their powers of management including circumstances where management should report back, and will review the delegation arrangements on a periodic basis to ensure that they remain appropriate to the needs of the Group.

The Board has established various Board committees and has delegated various duties to the Board committees, including the Audit Committee, the Remuneration Committee, and the Nomination Committee (collectively, the "**Board Committees**"). All the Board Committees perform their distinct roles in accordance with their respective terms of reference.

## BOARD COMMITTEES

The Board has established the Audit Committee, the Remuneration Committee and the Nomination Committee and delegated various responsibilities to these committees, which assist the Board in discharging its duties and overseeing particular aspects of the Group's activities. Each of the Board Committees has specific written terms of reference which clearly specify their authority and duties. The chairpersons of the Board Committees will report their findings and recommendations to the Board after each meeting of the Board Committees.

## Audit Committee

The Company established the Audit Committee in compliance with Rules 3.21 to 3.23 of the Listing Rules with written terms of reference in compliance with the paragraph C.3 of the CG Code on 22 June 2021. The Audit Committee consists of three independent non-executive Directors, namely Ms. Zou Dan (being the chairlady of the Audit Committee), Ms. Luo Ying and Ms. Zhang Qian. In compliance with Rule 3.21 of the Listing Rules, the chairlady of the audit committee possesses the appropriate professional and accounting qualifications.

The primary duties of the Audit Committee include, but not limited to (i) reviewing and supervising our financial reporting process and internal control system of our Group, risk management and internal audit; (ii) providing advice and comments to our Board; and (iii) performing other duties and responsibilities as may be assigned by our Board.

During the year ended 31 December 2021, one meeting of the Audit Committee was held to review the Group's unaudited interim financial results for submission to the Board for approval, review the internal control and risk management systems of the Group, review and monitor the effectiveness of internal audit function and oversee the audit process.

The Audit Committee held the meeting on 30 March 2022 at which, among other things, it reviewed the audited consolidated results of the Company for the year ended 31 December 2021, including the accounting principles and practices adopted by the Group, and made recommendations to the Board for its consideration and re-appointment of Ernst & Young at the AGM to be held on 22 June 2022 as the independent auditor of the Company.

The Audit Committee has reviewed the accounting principles and practices adopted by the Group and discussed auditing, internal control, risk management and financial reporting matters including the review of the audited annual consolidated financial statements of the Company for the year ended 31 December 2021. The Audit Committee is of the opinion that the preparation of the relevant financial statements complied with the applicable accounting standards and requirements and that adequate disclosure has been made.

## Remuneration Committee

The Company established the Remuneration Committee with written terms of reference in compliance with Rule 3.25 of the Listing Rules on 22 June 2021 and paragraph B.1 of the CG Code. The Remuneration Committee consists of three members. The three members are Ms. Zhang Qian (being the chairlady of the Remuneration Committee), Mr. Liu Yuhui and Ms. Luo Ying.

The primary duties of the Remuneration Committee include, but not limited to (i) establishing, reviewing and providing advices to our Board on our policy and structure concerning remuneration of our Directors and senior management and on the establishment of a formal and transparent procedure for developing policies concerning such remuneration; (ii) determining the terms of the specific remuneration package of each Director and senior management member; and (iii) reviewing and approving performance-based remuneration by reference to corporate goals and objectives resolved by our Directors from time to time. Mr. Liu Yuhui will abstain from recommending or approving his own Director's remuneration.

During the year ended 31 December 2021, one meeting of the Remuneration Committee was held to (i) confirm the remuneration of Directors for 2021; and (ii) to discuss and determine the remuneration adjustments of individual Directors for 2022.

On 30 March 2022, the Remuneration Committee held a meeting to (i) discuss and make recommendations to the Board on the Company's policy and structure for all Directors' and senior management's remuneration; and (ii) review the remuneration packages of individual Directors and senior management.

### Nomination Committee

The Company established the Nomination Committee on 22 June 2021 with written terms of reference in compliance with paragraph A.5 of the CG Code as set out in Appendix 14 to the Listing Rules. The Nomination Committee consists of three members, namely Mr. Liu Yuhui, Ms. Luo Ying and Ms. Zhang Qian. Mr. Liu Yuhui is the chairman of the Nomination Committee.

The primary duties of the Nomination Committee include, but not limited to (i) review the structure, size and composition of our Board on a regular basis and make recommendations to the Board regarding any proposed changes to the composition of our Board; (ii) identify, select or make recommendations to our Board on the selection of individuals nominated for directorship, and ensure the diversity of our Board members; (iii) assess the independence of our independent non-executive Directors; and (iv) make recommendations to our Board on relevant matters relating to the appointment, re-appointment and removal of our Directors and succession planning for our Directors.

During the year ended 31 December 2021, one meeting of the Nomination Committee was held to review the structure, size and composition (including the skills, knowledge, experience and diversity of perspectives) of the Board.

On 30 March 2022, the Nomination Committee held a meeting to (i) review the structure, size and composition (including the skills, knowledge, experience and diversity of perspectives) of the Board; (ii) assess the independence of independent non-executive Directors; (iii) review the policy on nomination of Directors (the "**Nomination Policy**"); and (iv) review the re-appointment of Directors who are subject to retire by rotation at the forthcoming AGM.

### Nomination policy

The Company has adopted a Nomination Policy which sets out the selection criteria and procedures to nominate board candidates. The Nomination Committee aims to nominate suitable candidates to the Board and advise the Board on the appointment of directors and make recommendation to the Board, after assessing a number of factors of a candidate as set out in the nomination policy.

Pursuant to the Nomination Policy, the Nomination Committee shall identify suitable board candidates and make recommendation to the Board, after assessing a number of factors of a candidate, including, but not limited to:

- reputation for integrity
- accomplishment and experience
- compliance with legal and regulatory requirements
- commitment in respect of available time and relevant interest
- diversity in all its aspects, including but not limited to gender, age (18 years or above), cultural and educational background, ethnicity, professional experience, skills, knowledge and length of service

The Nomination Committee may also consider such other factors as it may deem are in the best interests of the Company and the Shareholders as a whole.

The Nomination Committee will review the nomination policy, as appropriate, and recommend revision to the Board for consideration and approval from time to time.

### **Board diversity policy**

To enhance the effectiveness of the Board and to maintain the high standard of corporate governance, the Board has adopted a board diversity policy which sets out the approach to achieve diversity on our Board. The Company recognizes and embraces the benefits of having a diverse Board and sees increasing diversity at the Board level as an essential element in supporting the attainment of our Company's strategic objectives and sustainable development. Our Company seeks to achieve Board diversity through the consideration of a number of factors, including but not limited to gender, age, cultural and educational background, ethnicity, professional experience, skills, knowledge and length of service. All Board appointments will be based on meritocracy and candidates will be considered against objective criteria, having due regard to the benefits of diversity on the Board.

Our Board currently comprises of seven members, including one female executive Director, two female non-executive Directors and three female independent non-executive Directors. The Directors also have a balanced mix of knowledge, skills and experience, including commercial property operation, overall business management, finance and investment. They have obtained tertiary degrees in various majors including business administration, accounting, psychology, law and computer science. We have three independent non-executive Directors who have different industry backgrounds, representing over one-third of our Board members. Furthermore, the Board has a wide range of age, ranging from 38 years old to 57 years old. We have taken and will continue to take steps to promote gender diversity at all levels of the Company, including without limitation at the Board and senior management levels.

The Nomination Committee will review the board diversity policy and its implementation from time to time to ensure its implementation and monitor its continued effectiveness, and the same will be disclosed in our corporate governance report in accordance with the Listing Rules, including any measurable objectives set for implementing the board diversity policy and the progress on achieving these objectives on an annual basis. Our Directors recognize the particular importance of gender diversity and that gender diversity at the Board level can be improved given its current composition of six female Directors out of a total of seven Directors. The Nomination Committee will use its best effort to identify and recommend male candidates to our Board for its consideration for appointment as Directors, and the Company will, within one year from the Listing Date, appoint two male Directors with an ultimate aim to achieve a target of at least three male Directors in our Board.

Nevertheless, with a view to developing a pipeline of potential successors to our Board that may meet the target gender diversity, our Group will (i) continue to apply the principle of appointments based on merits with reference to board diversity as a whole; (ii) take steps to promote gender diversity at all levels of our Group by recruiting staff at a mid to senior level with regard to the benefits of gender diversity; and (iii) engage more resources in training male staff who we consider having the suitable experience, skills and knowledge for our business to equip themselves with the attributes and competencies required to serve as members of our Board in light of our strategic needs and the industry in which we operate with the aim of promoting them to our Board in a few years' time.

### CORPORATE GOVERNANCE FUNCTIONS

The Board is responsible for performing the functions set out in the CG Code.

During the period from the Listing Date to 31 December 2021, the Board had reviewed the Company's corporate governance policies and practices, training and continuous professional development of Directors and senior management, the Company's policies and practices on compliance with legal and regulatory requirements, the compliance of the Model Code, and the Company's compliance with the CG Code and disclosure in this Corporate Governance Report.

### ANNUAL REMUNERATION PAYABLE TO THE MEMBERS OF SENIOR MANAGEMENT

The annual remuneration of the members of the senior management by band for the year ended 31 December 2021 is as follows:

Remuneration bands (RMB)	Number of individuals
Nil–1,000,000	2
1,000,001–1,500,000	nil

### AUDITOR'S REMUNERATION

The Company has appointed Ernst & Young as its external auditors for the year ended 31 December 2021.

During the year ended 31 December 2021, the remunerations paid or payable to Ernst & Young in respect of its audit services and non-audit services are RMB1.8 million and nil respectively.

## ACCOUNTABILITY AND AUDIT

The Directors acknowledge their responsibilities for preparing all information and representations contained in the consolidated financial statements of the Group for the year ended 31 December 2021, which give a true and fair view of the state of affairs of the Group and of the operating results and cash flow for the year. The Directors consider that the financial statements have been prepared in conformity with all applicable accounting standards and requirements and reflect amounts that are based on the best estimates, reasonable information and prudent judgment of the Board and the management. The Directors are not aware of any material uncertainties relating to events or conditions which may cast significant doubt upon the Group's ability to continue as a going concern. Accordingly, the Directors have prepared the consolidated financial statements of the Group on a going concern basis.

The statements of the auditor of the Group about its reporting responsibility on the consolidated financial statements of the Group are set out in the Independent Auditor's Report on pages 56 to 60 of this annual report.

## RISK MANAGEMENT AND INTERNAL CONTROL

The Board confirms that it is responsible for maintaining adequate and effective risk management and internal control systems for the Group as a going concern and reviews annually the effectiveness of the Company's internal controls and risk management systems to ensure the adequacy of the internal controls and the risk management systems in place. These systems are designed to manage, not eliminate, the risk of failure to achieve business objectives and can only provide reasonable, but not absolute, assurance that there will be no material misstatement or loss.

### Risk management structure of the company

The Group believes that risk management is crucial to the success of the business of the Group in the PRC. Key operational risks facing the Group include changes in PRC political and economic conditions, changes in the PRC regulatory environment.

To monitor the ongoing implementation of our risk management policies and corporate governance measures after the Listing, the Group has adopted or will adopt risk management and internal control measures which primarily include:

- The support and service center has formulated the risk management strategies, which have been reviewed and approved by the board of directors and the board of supervisors. The board of supervisors and the support and service center are responsible for implementing our risk management strategies into the company's internal policies and internal procedures, assisting various business departments in improving their operation policies and procedures, and inspecting and evaluating the implementation and effectiveness of the risk management strategies.
- The board of supervisors, support and service center, and finance personnel conduct real-time monitoring on the implementation of the company's business plans and strategic plans, record, summarize, analyze and process various types of relevant information, and keep risk management records. Each department shall report the business risk situation of the department to the internal audit department.

- The existing risk management strategies, policies and procedures will be timely revised and adjusted in response to material changes in the internal and external circumstances, to maintain their feasibilities and effectiveness.
- Each functional department conducts a written analysis and assessment of the risk control level within our business scope once a year, and the support and service center is responsible for producing the risk assessment report and submitting such report to our management after review by relevant functional departments.
- Sensitive and efficient risk handling and emergency management mechanisms have been established to reduce risk losses. For emerging major risks for which we lack a risk emergency response plan, the support and service center will immediately coordinate with the board of supervisors and relevant departments, organize relevant personnel to study and formulate a risk response plans, and obtain approval from the board of directors for approval before implementing such plans.
- When a risk arises, the person in charge of the relevant unit must immediately report to the board of supervisors and the support and service center. After the board of supervisors and the support and service center receive the risk report, they will promptly evaluate the risk and determine whether it is a general internal risk or a corporate crisis that causes significantly negative impact on the corporate reputation, business activities and internal management. The person in charge of the relevant unit or the relevant personnel will be instructed to handle general internal risks while corporate crises must be handled in accordance with risk crisis procedures.
- All relevant departments and subsidiaries are required to regularly conduct self-inspection of risk management to timely locate defects and make improvements, and submit their inspection reports to our internal audit department for record. The board of supervisors and the support and service center conduct regular or unscheduled inspection and evaluation on whether a relevant department or subsidiary can carry out risk management works in accordance with relevant policies, and submit the inspection and evaluation report to the board of directors.

### **Risk management and internal control procedure**

The Company has established internal control measures led by the Board whereby the management is responsible for assisting the Board in completing the identification and evaluation of risk factors of the business systems, implementing the Company's policies and procedures and participating in the design and operation of such measures that meet the Company's management requirements, which provides reliable assurance for the Company to carry out its business to prevent the occurrence of significant operational risks and losses. The Group also has an internal audit and risk control function which primarily carries out analysis and independent appraisal of the adequacy and effectiveness of its risk management and internal control systems, and reports their findings to the Board on, at least, an annual basis.

### **Risk management and internal control review**

The risk management and internal control systems are reviewed and assessed on an on-going basis by the Audit Committee and the executive Directors, and will be further reviewed and assessed at least once each year by the Board.

The annual review in respect of the year ended 31 December 2021 has considered, among others (i) adequacy of resources; (ii) staff qualifications and experience; (iii) training programmes for the staff; and (iv) budget of the Group's accounting, internal audit and financial reporting functions. The Board also conducted a comprehensive evaluation on the timeliness, effectiveness and normativity of the procedures for handling and releasing inside information of the Company, as well as the effectiveness of the Company's processes for financial reporting and Listing Rules compliance.

During the year ended 31 December 2021, these systems were reviewed, covering all material controls including financial, operational and compliance controls of the Group, and considered effective and adequate.

### **Dissemination of inside information**

The Group has in place a framework for the disclosure of inside information by reference to the Guidelines on Disclosure of Inside Information issued by the SFC. The framework sets out the procedures and internal controls for the handling and dissemination of inside information in an appropriate and timely manner, such as steps to ascertain sufficient details, conduct internal assessment of the matter and its likely impact on the Company, seek professional advice where required and verification of the facts. Before the information is fully disclosed to the public, any persons who possess the knowledge of such information must ensure strict confidentiality and must not deal in any of the Company's securities.

## **SHAREHOLDERS' RIGHT**

### **Convening an extraordinary general meeting**

Pursuant to article 58 of the Company's Articles of Association, extraordinary general meetings shall be convened on the requisition of one or more Shareholders holding, at the date of deposit of the requisition, not less than one-tenth of the paid up capital of the Company having the right of voting at general meetings. Such requisition shall be made in writing to the Board or the Secretary for the purpose of requiring an extraordinary general meeting to be called by the Board for the transaction of any business specified in such requisition. Such meeting shall be held within two (2) months after the deposit of such requisition. If within twenty-one (21) days of such deposit, the Board fails to proceed to convene such meeting, the requisitionist(s) himself (themselves) may do so in the same manner, and all reasonable expenses incurred by the requisitionist(s) as a result of the failure of the Board shall be reimbursed to the requisitionist(s) by the Company.

### **Putting forward proposals at Shareholders' meetings**

There are no provisions in the Company's Articles of Association for the Shareholders to put forward proposals at general meetings. Shareholders who wish to put forward proposals may request the Company to convene an extraordinary general meeting in accordance with the procedures set out in the above paragraph headed "Convening an extraordinary general meeting".

## **DIVIDEND POLICY AND FINAL DIVIDEND**

### **Dividend policy**

The then application code provision E.1.5 of the CG Code stipulates that the Company should have a policy on payment of dividends. The Group has no fixed dividend policy and, subject to the compliance with the relevant laws of the Cayman Islands and Articles of Association, the Company may have the right to declare dividends in any currency to be paid to the shareholders in general meeting, but no dividend may be declared in excess of the amount recommended by our Board. The Board may declare dividends in the future after taking into account our results of operations, financial condition, cash requirements and availability and other factors as it may deem relevant at such time. Any declaration and payment as well as the amount of dividends will be subject to Articles of Association and relevant laws of the Cayman Islands. In addition, the Directors may from time to time pay such interim dividends as the Board considers to be justified by the profits and overall financial requirements, or special dividends of such amounts and on such dates as they think appropriate. No dividend shall be declared or payable except out of the Group’s profits, retained earnings or share premium, subject to a solvency test being satisfied. The future declarations of dividends will be at the absolute discretion of the Board. Any dividend distribution (other than interim dividend mentioned above) will also be subject to the approval of the Shareholders in the Shareholders’ meeting.

### **Final dividend**

The Board did not recommend the payment of a final dividend for the year ended 31 December 2021.

## CONTINUING CONNECTED TRANSACTIONS

During the year ended 31 December 2021, the Company conducted the following transactions which constituted continuing connected transactions (as defined in the Listing Rules), which are subject to the reporting and annual review requirements under Chapter 14A of the Listing Rules:

### 1. Leading Holdings Group Property Management Services Framework Agreement

On 16 November 2020, Lingyue Property Services (for itself and on behalf of its subsidiaries) entered into a property management services framework agreement (the “**Leading Holdings Group Property Management Services Framework Agreement**”) with Leading Holdings Group (for itself and on behalf of its subsidiaries), pursuant to which we agreed to provide on-site management services for construction sites, display units and on-site sales offices (the “**On-site Management Services**”) and other property management services to Leading Holdings Group, including but not limited to, consultancy services prior to delivery of properties and property management services for properties and carparks owned by Leading Holdings Group (collectively, the “**Property Management Services**”). The Leading Holdings Group Property Management Services Framework Agreement has a term commenced from 10 December 2020 to 31 December 2022, which may be renewed as the parties may mutually agree, subject to compliance with the requirements under Chapter 14A of the Listing Rules and all other applicable laws and regulations.

The Directors estimate that the maximum transaction amounts under the Leading Holdings Group Property Management Services Framework Agreement for the year ended 31 December 2021 and year ending 31 December 2022 will not exceed RMB128.0 million and RMB151.9 million, respectively. The actual transaction amount is RMB127.3 million during the year ended 31 December 2021.

Leading Holdings is a 30%-controlled company (as defined in the Listing Rules) of the Ultimate Controlling Shareholders. As such, Leading Holdings and its subsidiaries are connected persons of the Company for the purpose of the Listing Rules.

### 2. Mr. Liu Property Management Services Framework Agreement

On 22 June 2021, Lingyue Property Services (for itself and on behalf of its subsidiaries) entered into a property management services framework agreement (the “**Mr. Liu Property Management Services Framework Agreement**”) with Mr. Liu Yuhui, pursuant to which we agreed to provide Property Management Services (as defined above) to Mr. Liu Yuhui’s associates (excluding Leading Holdings Group) (the “**Relevant Associates**”). The Mr. Liu Property Management Services Framework Agreement has a term commencing from the Listing Date to 31 December 2022, which may be renewed as the parties may mutually agree, subject to compliance with the requirements under Chapter 14A of the Listing Rules and all other applicable laws and regulations.

The Directors estimate that the maximum transaction amounts under the Mr. Liu Property Management Services Framework Agreement for the year ended 31 December 2021 and year ending 31 December 2022 will not exceed RMB36.9 million and RMB47.7 million, respectively. The actual transaction amount is RMB36.8 million during the year ended 31 December 2021.

Mr. Liu Yuhui is one of the executive Directors and Ultimate Controlling Shareholders. Therefore, the Relevant Associates are connected persons of the Company for the purpose of the Listing Rules.

### Confirmation from the independent non-executive directors

Pursuant to Rule 14A.55 of the Listing Rules, all the independent non-executive Directors have reviewed the above continuing connected transactions and confirmed that they have been entered into (i) in the ordinary and usual course of business of the Group; (ii) on normal commercial terms or better; and (iii) in accordance with the respective agreement governing the above continuing connected transactions on terms that are fair and reasonable and in the interests of the Shareholders as a whole.

### Confirmation from the auditors

In accordance with Rule 14A.56 of the Listing Rules, the Group has engaged its auditors to report on the Group's continuing connected transactions. The auditors of the Group have issued a letter to the Board confirming that nothing has come to their attention that causes them to believe that the above continuing connected transactions (i) have not been approved by the Board; (ii) were not, in all material respects, in accordance with the pricing policies of the Group; (iii) were not entered into, in all material respects, in accordance with the relevant agreement governing the transactions; and (iv) have exceeded their respective annual cap.

## RELATED PARTY TRANSACTIONS

Details of the related party transactions of the Group for the year ended 31 December 2021 are disclosed in note 33 to the consolidated financial statements. None of these related party transactions constitutes a connected transaction or continuing connected transaction as defined under the Listing Rules that is required to be disclosed, except for those described in the sub-section headed "Continuing Connected Transactions" above, in respect of which the disclosure requirements in accordance with Chapter 14A of the Listing Rules have been complied with.

## SHARE OPTION SCHEME

The Company conditionally adopted a share option scheme through Shareholders' written resolutions on 22 June 2021 (the "**Share Option Scheme**").

### Details of the Share Option Scheme

#### (1) Purpose

The Share Option Scheme is a share incentive scheme prepared in accordance with Chapter 17 of the Listing Rules and is established to recognise and acknowledge the contributions that the Eligible Participants (as defined in paragraph (2) below) had or may have made to our Group. The Share Option Scheme will provide the Eligible Participants an opportunity to have a personal stake in our Company with the view to achieving the following objectives:

- (i) motivate the Eligible Participants to optimize their performance efficiency for the benefit of our Group; and
- (ii) attract and retain or otherwise maintain an on-going business relationship with the Eligible Participants whose contributions are or will be beneficial to the long-term growth of our Group.

### **(2) Participants**

The Board may, at its discretion, offer to grant an option to the following persons (collectively the “**Eligible Participants**”) to subscribe for such number of new Shares as the Board may determine at an exercise price determined in accordance with paragraph (6) below:

- (i) any full-time or part-time employees, executives or officers of our Company or any of its subsidiaries;
- (ii) any directors (including independent non-executive directors) of our Company or any of its subsidiaries; and
- (iii) any advisors, consultants, suppliers, customers, distributors and such other persons who in the sole opinion of the Board will contribute or have contributed to our Company or any of its subsidiaries.

### **(3) The maximum number of Shares available for issue**

The total number of Shares which may be issued upon exercise of all options to be granted under the Share Option Scheme shall not in aggregate exceed 10% of the aggregate of the Shares in issue on the day on which trading of the Shares commences on the Stock Exchange, and such 10% limit represents 28,000,000 Shares, representing 9.80% of the total Shares in issue as at the date of this report.

### **(4) Maximum number of options to any one individual**

The total number of Shares issued and which may fall to be issued upon exercise of the options granted under the Share Option Scheme and any other share option schemes of our Company (including both exercised and outstanding options) to each Eligible Participant in any 12-month period up to the date of grant shall not exceed 1% of our Shares in issue as at the date of grant. Any further grant of options in excess of this 1% limit shall be subject to approval of the Shareholders.

### **(5) Time of acceptance and exercise of option**

An option shall be deemed to have been granted and accepted by the grantee and to have taken effect when the duplicate offer document constituting acceptances of the options duly signed by the grantee, together with a remittance or payment in favor of our Company of HK\$1.00 by way of consideration for the grant thereof, is received by our Company on or before the relevant acceptance date. Such remittance or payment shall in no circumstances be refundable.

An option may, subject to the terms and conditions upon which such option is granted, be exercised in whole or in part by the grantee giving notice in writing to the Company in such form as the Board may from time to time determine stating that the option is thereby exercised and the number of Shares in respect of which it is exercised.

**(6) Price of Shares**

The subscription price for a Share under the Share Option Scheme shall be determined by the Board in its absolute discretion, but must be at least the highest of:

- (i) the official closing price of our Shares as stated in the Stock Exchange's daily quotation sheets on the date of grant, which must be a day on which the Stock Exchange is open for the business of dealing in securities;
- (ii) the average of the official closing prices of our Shares as stated in the Stock Exchange's daily quotation sheets for the five business days immediately preceding the date of grant; and
- (iii) the nominal value of a Share.

**(7) Time of exercise of option and the duration of the Share Option Scheme**

An option may be exercised in accordance with the terms of the Share Option Scheme at any time after the date upon which the option is deemed to be granted and accepted and prior to the expiry of 10 years from that date. The Share Option Scheme does not specify any minimum holding period but the Board has the authority to determine for which a share option must be held before it can be exercised. The period during which an option may be exercised will be determined by the Board in its absolute discretion, save that no option may be exercised more than 10 years after it has been granted. No option may be granted more than 10 years after the Listing Date. Subject to earlier termination by our Company in general meeting or by the Board, the Share Option Scheme shall be valid and effective for a period of 10 years from the Listing Date. As at the date of this report, the remaining life of the Share Option Scheme is approximately nine years and four months.

For details of the Share Option Scheme, please refer to the section headed "Appendix V — Statutory and General Information — D. SHARE OPTION SCHEME — 1. Share Option Scheme" in the Prospectus.

Since the date of the adoption of the Share Option Scheme and up to the date of this report, no options have been granted, exercised, cancelled or lapsed under the Share Option Scheme, and there were no outstanding options under the Share Option Scheme.

**To the shareholders of Ling Yue Services Group Limited**  
(Incorporated in the Cayman Islands with limited liability)

## OPINION

We have audited the consolidated financial statements of Ling Yue Services Group Limited (the “**Company**”) and its subsidiaries (the “**Group**”) set out on pages 61 to 149, which comprise the consolidated statement of financial position as at 31 December 2021, and the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31 December 2021, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with International Financial Reporting Standards (“**IFRSs**”) issued by the International Accounting Standards Board (the “**IASB**”) and have been properly prepared in compliance with the disclosure requirements of the Hong Kong Companies Ordinance.

## BASIS FOR OPINION

We conducted our audit in accordance with Hong Kong Standards on Auditing (“**HKSAs**”) issued by the Hong Kong Institute of Certified Public Accountants (“**HKICPA**”). Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the consolidated financial statements* section of our report. We are independent of the Group in accordance with the HKICPA's *Code of Ethics for Professional Accountants* (the “**Code**”), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

## KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have fulfilled the responsibilities described in the *Auditor's responsibilities for the audit of the consolidated financial statements* section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the consolidated financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying consolidated financial statements.

### Key audit matter

#### *Goodwill impairment assessment*

As at 31 December 2021, the Group had goodwill of RMB22,772,000 in relation to the Group's acquisition of businesses.

Goodwill is tested for impairment annually. The goodwill impairment review performed by the Group's management includes a number of significant judgements and estimates including those regarding the identification of cash-generating units ("**CGUs**"), operating profit forecasts, the annual revenue growth rates and the discount rates.

We identified this area as a key audit matter because of the materiality of the goodwill balance and the uncertainty of estimation made by management on the key assumptions.

The significant accounting estimates and disclosures about the goodwill impairment assessment are included in notes 3 and 15 to the consolidated financial statements, respectively.

### How our audit addressed the key audit matter

Our audit procedures included, among others, involving internal valuation specialists to assist us in evaluating the methodologies and discount rates used by the Company for determining the recoverable amounts.

We examined the underlying data used, such as the management projection on the future revenues and operating results by investigating whether the forecasts were consistent with the financial performance of each CGU during the year of 2021; and we examined the business development plans and historical annual growth of each CGU to evaluate the growth rate of each CGU. We assessed the sensitivity analysis performed by the Group's management on the impact of changes in the key assumptions.

We also assessed the adequacy of the Group's disclosures of goodwill impairment in the financial statements.

### Key audit matter

#### *Provision for expected credit losses on trade receivables*

As at 31 December 2021, the Group had trade receivables of RMB77,049,000, after making loss allowance of RMB11,059,000.

Management assessed the expected credit losses on trade receivables based on assumptions about risk of default and expected credit loss rates. The Group used judgement in making these assumptions and selecting the inputs to the impairment calculation, based on the Group's past history, ageing profile of the receivables, existing market conditions as well as forward-looking estimates at the end of each reporting period.

We identified this area as a key audit matter because of the magnitude of the balance of trade receivables and that the assessment of the expected credit losses on trade receivables involved significant judgements and estimates made by management.

The significant accounting estimates and disclosures about the provision for expected credit losses on trade receivables are included in notes 3 and 20 to the consolidated financial statements, respectively.

### How our audit addressed the key audit matter

Our audit procedures to assess the provision for expected credit losses on trade receivables included the followings:

- (i) Understanding, evaluating and testing management's key controls in relation to the assessment of the expected credit losses on trade receivables;
- (ii) Assessing the credit loss provisioning methodology adopted by management;
- (iii) Assessing the forward-looking factors and the estimated credit loss rates by considering historical cash collection performance and movements of the ageing of trade receivables, and taking into account the market conditions;
- (iv) Testing, on a sample basis, ageing analysis of trade receivables prepared by the management; and
- (v) Checking the mathematical accuracy of the calculation of the provision for loss allowance.

We also assessed the adequacy of the Group's disclosures of trade receivables in the financial statements.

## OTHER INFORMATION INCLUDED IN THE ANNUAL REPORT

The directors of the Company are responsible for the other information. The other information comprises the information included in the Annual Report, other than the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

## **RESPONSIBILITIES OF THE DIRECTORS FOR THE CONSOLIDATED FINANCIAL STATEMENTS**

The directors of the Company are responsible for the preparation of the consolidated financial statements that give a true and fair view in accordance with IFRSs issued by the IASB and the disclosure requirements of the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the directors of the Company are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors of the Company either intend to liquidate the Group or to cease operations or have no realistic alternative but to do so.

The directors of the Company are assisted by the Audit Committee in discharging their responsibilities for overseeing the Group's financial reporting process.

## **AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS**

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Our report is made solely to you, as a body, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with HKSAAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.

## Independent Auditors' Report

- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the Audit Committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Audit Committee with a statement that we have complied with relevant ethical requirements regarding independence and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with the Audit Committee, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in this independent auditor's report is Lawrence K.W. Lau.

\* These companies are wholly-owned subsidiaries of the Company.

\*\* These companies are subsidiaries of wholly-owned subsidiaries of the Company and, accordingly, are accounted for as subsidiaries by virtue of the Company's control over them.

*Note:*

The English translation of the names is for reference only. The official names of these enterprises are in Chinese. The legal form of all the principal subsidiaries disclosed above are limited liability companies.

The above table lists the subsidiaries of the Company which, in the opinion of the directors, principally affected the results for the year or formed a substantial portion of the net assets of the Group. To give details of other subsidiaries would, in the opinion of the directors, result in particulars of excessive length.

### 2.1 BASIS OF PREPARATION

These financial statements have been prepared in accordance with International Financial Reporting Standards (“**IFRSs**”) (which include all International Financial Reporting Standards, International Accounting Standards (“**IASs**”) and Interpretations) issued by the International Accounting Standards Board (“**IASB**”) and the disclosure requirements of the Hong Kong Companies Ordinance. They have been prepared under the historical cost convention, except for equity investments designated at fair value through other comprehensive income which have been measured at fair value. These financial statements are presented in Renminbi (“**RMB**”) and all values are rounded to the nearest thousand except when otherwise indicated.

#### Basis of consolidation

The consolidated financial statements include the financial statements of the Company and its subsidiaries (collectively referred to as the “**Group**”) for the year ended 31 December 2021. A subsidiary is an entity (including a structured entity), directly or indirectly, controlled by the Company. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee (i.e., existing rights that give the Group the current ability to direct the relevant activities of the investee).

When the Company has, directly or indirectly, less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- (a) the contractual arrangement with the other vote holders of the investee;
- (b) rights arising from other contractual arrangements; and
- (c) the Group’s voting rights and potential voting rights.

The financial statements of the subsidiaries are prepared for the same reporting period as the Company, using consistent accounting policies. The results of subsidiaries are consolidated from the date on which the Group obtains control, and continue to be consolidated until the date that such control ceases.

Profit or loss and each component of other comprehensive income are attributed to the owners of the parent of the Group and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance. All intra-group assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

The Group reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control described above. A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction.

If the Group loses control over a subsidiary, it derecognises (i) the assets (including goodwill) and liabilities of the subsidiary, (ii) the carrying amount of any non-controlling interest and (iii) the cumulative translation differences recorded in equity; and recognises (i) the fair value of the consideration received, (ii) the fair value of any investment retained and (iii) any resulting surplus or deficit in profit or loss. The Group’s share of components previously recognised in other comprehensive income is reclassified to profit or loss or retained profits, as appropriate, on the same basis as would be required if the Group had directly disposed of the related assets or liabilities.

## 2.2 CHANGES IN ACCOUNTING POLICIES AND DISCLOSURES

The Group has adopted the following revised IFRSs for the first time for the current year's financial statements.

Amendments to IFRS 9, IAS 39, IFRS 7, IFRS 4 and IFRS 16	<i>Interest Rate Benchmark Reform — Phase 2</i>
Amendment to IFRS 16	<i>Covid-19-Related Rent Concessions beyond 30 June 2021 (early adopted)</i>

The nature and the impact of the revised IFRSs are described below:

- (a) Amendments to IFRS 9, IAS 39, IFRS 7, IFRS 4 and IFRS 16 address issues not dealt with in the previous amendments which affect financial reporting when an existing interest rate benchmark is replaced with an alternative risk-free rate (“RFR”). The amendments provide a practical expedient to allow the effective interest rate to be updated without adjusting the carrying amount of financial assets and liabilities when accounting for changes in the basis for determining the contractual cash flows of financial assets and liabilities, if the change is a direct consequence of the interest rate benchmark reform and the new basis for determining the contractual cash flows is economically equivalent to the previous basis immediately preceding the change. In addition, the amendments permit changes required by the interest rate benchmark reform to be made to hedge designations and hedge documentation without the hedging relationship being discontinued. Any gains or losses that could arise on transition are dealt with through the normal requirements of IFRS 9 to measure and recognise hedge ineffectiveness. The amendments also provide a temporary relief to entities from having to meet the separately identifiable requirement when an RFR is designated as a risk component. The relief allows an entity, upon designation of the hedge, to assume that the separately identifiable requirement is met, provided the entity reasonably expects the RFR risk component to become separately identifiable within the next 24 months. Furthermore, the amendments require an entity to disclose additional information to enable users of financial statements to understand the effect of interest rate benchmark reform on an entity's financial instruments and risk management strategy. The amendments did not have any impact on the financial position and performance of the Group.
- (b) Amendment to IFRS 16 issued in March 2021 extends the availability of the practical expedient for lessees to elect not to apply lease modification accounting for rent concessions arising as a direct consequence of the covid-19 pandemic by 12 months. Accordingly, the practical expedient applies to rent concessions for which any reduction in lease payments affects only payments originally due on or before 30 June 2022, provided the other conditions for applying the practical expedient are met. The amendment is effective retrospectively for annual periods beginning on or after 1 April 2021 with any cumulative effect of initially applying the amendment recognised as an adjustment to the opening balance of retained profits at the beginning of the current accounting period. Earlier application is permitted.

The Group has early adopted the amendment on 1 January 2021. The amendments did not have any significant impact on the financial position and performance of the Group.

## 2.3 ISSUED BUT NOT YET EFFECTIVE INTERNATIONAL FINANCIAL REPORTING STANDARDS

The Group has not applied the following new and revised IFRSs, that have been issued but are not yet effective, in these financial statements.

Amendments to IFRS 3	<i>Reference to the Conceptual Framework<sup>1</sup></i>
Amendments to IFRS 10 and IAS 28	<i>Sale or Contribution of Assets between an Investor and its Associate or Joint Venture<sup>3</sup></i>
IFRS 17	<i>Insurance Contracts<sup>2</sup></i>
Amendments to IFRS 17	<i>Insurance Contracts<sup>2, 4</sup></i>
Amendments to IFRS 17	<i>Initial Application of IFRS 17 and IFRS 9 — Comparative Information<sup>2</sup></i>
Amendments to IAS 1	<i>Classification of Liabilities as Current or Non-current<sup>2</sup></i>
Amendments to IAS 1 and IFRS Practice Statement 2	<i>Disclosure of Accounting Policies<sup>2</sup></i>
Amendments to IAS 8	<i>Definition of Accounting Estimates<sup>2</sup></i>
Amendments to IAS 12	<i>Deferred Tax related to Assets and Liabilities arising from a Single Transaction<sup>2</sup></i>
Amendments to IAS 16	<i>Property, Plant and Equipment: Proceeds before Intended Use<sup>1</sup></i>
Amendments to IAS 37	<i>Onerous Contracts — Cost of Fulfilling a Contract<sup>1</sup></i>
<i>Annual Improvements to IFRSs 2018–2020</i>	Amendments to IFRS 1, IFRS 9, Illustrative Examples accompanying IFRS 16, and IAS 41 <sup>1</sup>

<sup>1</sup> Effective for annual periods beginning on or after 1 January 2022

<sup>2</sup> Effective for annual periods beginning on or after 1 January 2023

<sup>3</sup> No mandatory effective date yet determined but available for adoption

<sup>4</sup> As a consequence of the amendments to IFRS 17 issued in June 2020, IFRS 4 was amended to extend the temporary exemption that permits insurers to apply IAS 39 rather than IFRS 9 for annual periods beginning before 1 January 2023

Further information about those IFRSs that are expected to be applicable to the Group is described below.

Amendments to IFRS 3 are intended to replace a reference to the previous *Framework for the Preparation and Presentation of Financial Statements with a reference to the Conceptual Framework for Financial Reporting* issued in March 2018 without significantly changing its requirements. The amendments also add to IFRS 3 an exception to its recognition principle for an entity to refer to the Conceptual Framework to determine what constitutes an asset or a liability. The exception specifies that, for liabilities and contingent liabilities that would be within the scope of IAS 37 or IFRIC 21 if they were incurred separately rather than assumed in a business combination, an entity applying IFRS 3 should refer to IAS 37 or IFRIC 21 respectively instead of the Conceptual Framework. Furthermore, the amendments clarify that contingent assets do not qualify for recognition at the acquisition date. The Group expects to adopt the amendments prospectively from 1 January 2022. Since the amendments apply prospectively to business combinations for which the acquisition date is on or after the date of first application, the Group will not be affected by these amendments on the date of transition.

## 2.3 ISSUED BUT NOT YET EFFECTIVE INTERNATIONAL FINANCIAL REPORTING STANDARDS (Continued)

Amendments to IFRS 10 and IAS 28 address an inconsistency between the requirements in IFRS 10 and in IAS 28 in dealing with the sale or contribution of assets between an investor and its associate or joint venture. The amendments require a full recognition of a gain or loss resulting from a downstream transaction when the sale or contribution of assets between an investor and its associate or joint venture constitutes a business. For a transaction involving assets that do not constitute a business, a gain or loss resulting from the transaction is recognised in the investor's profit or loss only to the extent of the unrelated investor's interest in that associate or joint venture. The amendments are to be applied prospectively. The previous mandatory effective date of amendments to IFRS 10 and IAS 28 was removed by the IASB in December 2015 and a new mandatory effective date will be determined after the completion of a broader review of accounting for associates and joint ventures. However, the amendments are available for adoption now.

Amendments to IAS 1 *Classification of Liabilities as Current or Non-current* clarify the requirements for classifying liabilities as current or non-current. The amendments specify that if an entity's right to defer settlement of a liability is subject to the entity complying with specified conditions, the entity has a right to defer settlement of the liability at the end of the reporting period if it complies with those conditions at that date. Classification of a liability is unaffected by the likelihood that the entity will exercise its right to defer settlement of the liability. The amendments also clarify the situations that are considered a settlement of a liability. The amendments are effective for annual periods beginning on or after 1 January 2023 and shall be applied retrospectively. Earlier application is permitted. The amendments are not expected to have any significant impact on the Group's financial statements.

Amendments to IAS 1 *Disclosure of Accounting Policies* require entities to disclose their material accounting policy information rather than their significant accounting policies. Accounting policy information is material if, when considered together with other information included in an entity's financial statements, it can reasonably be expected to influence decisions that the primary users of general purpose financial statements make on the basis of those financial statements. Amendments to IFRS Practice Statement 2 provide non-mandatory guidance on how to apply the concept of materiality to accounting policy disclosures. Amendments to IAS 1 are effective for annual periods beginning on or after 1 January 2023 and earlier application is permitted. Since the guidance provided in the amendments to IFRS Practice Statement 2 is non-mandatory, an effective date for these amendments is not necessary. The Group is currently assessing the impact of the amendments on the Group's accounting policy disclosures.

Amendments to IAS 8 clarify the distinction between changes in accounting estimates and changes in accounting policies. Accounting estimates are defined as monetary amounts in financial statements that are subject to measurement uncertainty. The amendments also clarify how entities use measurement techniques and inputs to develop accounting estimates. The amendments are effective for annual reporting periods beginning on or after 1 January 2023 and apply to changes in accounting policies and changes in accounting estimates that occur on or after the start of that period. Earlier application is permitted. The amendments are not expected to have any significant impact on the Group's financial statements.

### 2.3 ISSUED BUT NOT YET EFFECTIVE INTERNATIONAL FINANCIAL REPORTING STANDARDS (Continued)

Amendments to IAS 12 narrow the scope of the initial recognition exception so that it no longer applies to transactions that give rise to equal taxable and deductible temporary differences, such as leases and decommissioning obligations. Therefore, entities are required to recognise a deferred tax asset and a deferred tax liability for temporary differences arising from these transactions. The amendments are effective for annual reporting periods beginning on or after 1 January 2023 and shall be applied to transactions related to leases and decommissioning obligations at the beginning of the earliest comparative period presented, with any cumulative effect recognised as an adjustment to the opening balance of retained profits or other component of equity as appropriate at that date. In addition, the amendments shall be applied prospectively to transactions other than leases and decommissioning obligations. Earlier application is permitted.

Amendments to IAS 16 prohibit an entity from deducting from the cost of an item of property, plant and equipment any proceeds from selling items produced while bringing that asset to the location and condition necessary for it to be capable of operating in the manner intended by management. Instead, an entity recognises the proceeds from selling any such items, and the cost of those items, in profit or loss. The amendments are effective for annual periods beginning on or after 1 January 2022 and shall be applied retrospectively only to items of property, plant and equipment made available for use on or after the beginning of the earliest period presented in the financial statements in which the entity first applies the amendments. Earlier application is permitted. The amendments are not expected to have any significant impact on the Group's financial statements.

Amendments to IAS 37 clarify that for the purpose of assessing whether a contract is onerous under IAS 37, the cost of fulfilling the contract comprises the costs that relate directly to the contract. Costs that relate directly to a contract include both the incremental costs of fulfilling that contract (e.g., direct labour and materials) and an allocation of other costs that relate directly to fulfilling that contract (e.g., an allocation of the depreciation charge for an item of property, plant and equipment used in fulfilling the contract as well as contract management and supervision costs). General and administrative costs do not relate directly to a contract and are excluded unless they are explicitly chargeable to the counterparty under the contract. The amendments are effective for annual periods beginning on or after 1 January 2022 and shall be applied to contracts for which an entity has not yet fulfilled all its obligations at the beginning of the annual reporting period in which it first applies the amendments. Earlier application is permitted. Any cumulative effect of initially applying the amendments shall be recognised as an adjustment to the opening equity at the date of initial application without restating the comparative information. The amendments are not expected to have any significant impact on the Group's financial statements.

## 2.3 ISSUED BUT NOT YET EFFECTIVE INTERNATIONAL FINANCIAL REPORTING STANDARDS (Continued)

*Annual Improvements to IFRSs 2018–2020* sets out amendments to IFRS 1, IFRS 9, Illustrative Examples accompanying IFRS 16, and IAS 41. Details of the amendments that are expected to be applicable to the Group are as follows:

- IFRS 9 *Financial Instruments*: clarifies the fees that an entity includes when assessing whether the terms of a new or modified financial liability are substantially different from the terms of the original financial liability. These fees include only those paid or received between the borrower and the lender, including fees paid or received by either the borrower or lender on the other's behalf. An entity applies the amendment to financial liabilities that are modified or exchanged on or after the beginning of the annual reporting period in which the entity first applies the amendment. The amendment is effective for annual periods beginning on or after 1 January 2022. Earlier application is permitted. The amendment is not expected to have a significant impact on the Group's financial statements.
- IFRS 16 *Leases*: removes the illustration of payments from the lessor relating to leasehold improvements in Illustrative Example 13 accompanying IFRS 16. This removes potential confusion regarding the treatment of lease incentives when applying IFRS 16.

## 2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### Investments in associates and joint ventures

An associate is an entity in which the Group has a long term interest of generally not less than 20% of the equity voting rights and over which it is in a position to exercise significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee, but is not control or joint control over those policies.

A joint venture is a type of joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the joint venture. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require the unanimous consent of the parties sharing control.

The Group's investments in associates and joint ventures are stated in the consolidated statement of financial position at the Group's share of net assets under the equity method of accounting, less any impairment losses.

The Group's share of the post-acquisition results and other comprehensive income of associates and joint ventures is included in the consolidated statement of profit or loss and other comprehensive income, respectively. In addition, when there has been a change recognised directly in the equity of the associate or joint venture, the Group recognises its share of any changes, when applicable, in the consolidated statement of changes in equity. Unrealised gains and losses resulting from transactions between the Group and its associates or joint ventures are eliminated to the extent of the Group's investments in the associates or joint ventures, except where unrealised losses provide evidence of an impairment of the assets transferred. Goodwill arising from the acquisition of associates or joint ventures is included as part of the Group's investments in associates or joint ventures.

### 2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### Investments in associates and joint ventures (Continued)

If an investment in an associate becomes an investment in a joint venture or vice versa, the retained interest is not remeasured. Instead, the investment continues to be accounted for under the equity method. In all other cases, upon loss of significant influence over the associate or joint control over the joint venture, the Group measures and recognises any retained investment at its fair value. Any difference between the carrying amount of the associate or joint venture upon loss of significant influence or joint control and the fair value of the retained investment and proceeds from disposal is recognised in profit or loss.

When an investment in an associate or a joint venture is classified as held for sale, it is accounted for in accordance with IFRS 5 *Non-current Assets Held for Sale and Discontinued Operations*.

#### Business combinations and goodwill

Business combinations are accounted for using the acquisition method. The consideration transferred is measured at the acquisition date fair value which is the sum of the acquisition date fair values of assets transferred by the Group, liabilities assumed by the Group to the former owners of the acquiree and the equity interests issued by the Group in exchange for control of the acquiree. For each business combination, the Group elects whether to measure the non-controlling interests in the acquiree that are present ownership interests and entitle their holders to a proportionate share of net assets in the event of liquidation at fair value or at the proportionate share of the acquiree's identifiable net assets. All other components of non-controlling interests are measured at fair value. Acquisition-related costs are expensed as incurred.

The Group determines that it has acquired a business when the acquired set of activities and assets includes an input and a substantive process that together significantly contribute to the ability to create outputs.

When the Group acquires a business, it assesses the financial assets and liabilities assumed for appropriate classification and designation in accordance with the contractual terms, economic circumstances and pertinent conditions as at the acquisition date. This includes the separation of embedded derivatives in host contracts of the acquiree.

If the business combination is achieved in stages, the previously held equity interest is remeasured at its acquisition date fair value and any resulting gain or loss is recognised in profit or loss.

Any contingent consideration to be transferred by the acquirer is recognised at fair value at the acquisition date. Contingent consideration classified as an asset or liability is measured at fair value with changes in fair value recognised in profit or loss. Contingent consideration that is classified as equity is not remeasured and subsequent settlement is accounted for within equity.

## 2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### Business combinations and goodwill (Continued)

Goodwill is initially measured at cost, being the excess of the aggregate of the consideration transferred, the amount recognised for non-controlling interests and any fair value of the Group's previously held equity interests in the acquiree over the identifiable assets acquired and liabilities assumed. If the sum of this consideration and other items is lower than the fair value of the net assets acquired, the difference is, after reassessment, recognised in profit or loss as a gain on bargain purchase.

After initial recognition, goodwill is measured at cost less any accumulated impairment losses. Goodwill is tested for impairment annually or more frequently if events or changes in circumstances indicate that the carrying value may be impaired. The Group performs its annual impairment test of goodwill as at 31 December. For the purpose of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to each of the Group's cash-generating units, or groups of cash-generating units, that are expected to benefit from the synergies of the combination, irrespective of whether other assets or liabilities of the Group are assigned to those units or groups of units.

Impairment is determined by assessing the recoverable amount of the cash-generating unit (group of cash-generating units) to which the goodwill relates. Where the recoverable amount of the cash-generating unit (group of cash-generating units) is less than the carrying amount, an impairment loss is recognised. An impairment loss recognised for goodwill is not reversed in a subsequent period.

Where goodwill has been allocated to a cash-generating unit (or group of cash-generating units) and part of the operation within that unit is disposed of, the goodwill associated with the operation disposed of is included in the carrying amount of the operation when determining the gain or loss on the disposal. Goodwill disposed of in these circumstances is measured based on the relative value of the operation disposed of and the portion of the cash-generating unit retained.

### Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either in the principal market for the asset or liability, or in the absence of a principal market, in the most advantageous market for the asset or liability. The principal or the most advantageous market must be accessible by the Group. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

### 2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### Fair value measurement (Continued)

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — based on quoted prices (unadjusted) in active markets for identical assets or liabilities
- Level 2 — based on valuation techniques for which the lowest level input that is significant to the fair value measurement is observable, either directly or indirectly
- Level 3 — based on valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by reassessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

#### Impairment of non-financial assets

Where an indication of impairment exists, or when annual impairment testing for an asset is required (other than inventories, contract assets, deferred tax assets, financial assets, investment properties and non-current assets/a disposal group classified as held for sale), the asset's recoverable amount is estimated. An asset's recoverable amount is the higher of the asset's or cash-generating unit's value in use and its fair value less costs of disposal, and is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets, in which case the recoverable amount is determined for the cash-generating unit to which the asset belongs. In testing a cash-generating unit for impairment, a portion of the carrying amount of a corporate asset (e.g., a headquarters building) is allocated to an individual cash-generating unit if it can be allocated on a reasonable and consistent basis or, otherwise, to the smallest group of cash-generating units.

An impairment loss is recognised only if the carrying amount of an asset exceeds its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. An impairment loss is charged to profit or loss in the period in which it arises in those expense categories consistent with the function of the impaired asset.

## 2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### Impairment of non-financial assets (Continued)

An assessment is made at the end of each reporting period as to whether there is an indication that previously recognised impairment losses may no longer exist or may have decreased. If such an indication exists, the recoverable amount is estimated. A previously recognised impairment loss of an asset other than goodwill is reversed only if there has been a change in the estimates used to determine the recoverable amount of that asset, but not to an amount higher than the carrying amount that would have been determined (net of any depreciation/amortisation) had no impairment loss been recognised for the asset in prior years. A reversal of such an impairment loss is credited to profit or loss in the period in which it arises, unless the asset is carried at a revalued amount, in which case the reversal of the impairment loss is accounted for in accordance with the relevant accounting policy for that revalued asset.

### Related parties

A party is considered to be related to the Group if:

- (a) the party is a person or a close member of that person's family and that person
  - (i) has control or joint control over the Group;
  - (ii) has significant influence over the Group; or
  - (iii) is a member of the key management personnel of the Group or of a parent of the Group;

or

- (b) the party is an entity where any of the following conditions applies:
  - (i) the entity and the Group are members of the same group;
  - (ii) one entity is an associate or joint venture of the other entity (or of a parent, subsidiary or fellow subsidiary of the other entity);
  - (iii) the entity and the Group are joint ventures of the same third party;
  - (iv) one entity is a joint venture of a third entity and the other entity is an associate of the third entity;
  - (v) the entity is a post-employment benefit plan for the benefit of employees of either the Group or an entity related to the Group; and the sponsoring employers of the post-employment benefit plan;

### 2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### Related parties (Continued)

(b) the party is an entity where any of the following conditions applies: (Continued)

- (vi) the entity is controlled or jointly controlled by a person identified in (a);
- (vii) a person identified in (a)(i) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity); and
- (viii) the entity, or any member of a group of which it is a part, provides key management personnel services to the Group or to the parent of the Group.

#### Property, plant and equipment and depreciation

Property, plant and equipment, other than construction in progress, are stated at cost less accumulated depreciation and any impairment losses. The cost of an item of property, plant and equipment comprises its purchase price and any directly attributable costs of bringing the asset to its working condition and location for its intended use.

Expenditure incurred after items of property, plant and equipment have been put into operation, such as repairs and maintenance, is normally charged to profit or loss in the period in which it is incurred. In situations where the recognition criteria are satisfied, the expenditure for a major inspection is capitalised in the carrying amount of the asset as a replacement. Where significant parts of property, plant and equipment are required to be replaced at intervals, the Group recognises such parts as individual assets with specific useful lives and depreciates them accordingly.

Where parts of an item of property, plant and equipment have different useful lives, the cost of that item is allocated on a reasonable basis among the parts and each part is depreciated separately. Residual values, useful lives and the depreciation method are reviewed, and adjusted if appropriate, at least at each financial year end.

An item of property, plant and equipment including any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss on disposal or retirement recognised in profit or loss in the year the asset is derecognised is the difference between the net sales proceeds and the carrying amount of the relevant asset.

Construction in progress represents a building under construction, which is stated at cost less any impairment losses, and is not depreciated. Cost comprises the direct costs of construction and capitalised borrowing costs on related borrowed funds during the period of construction. Construction in progress is reclassified to the appropriate category of property, plant and equipment when completed and ready for use.

## 2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### Other intangible assets (other than goodwill)

Other intangible assets acquired separately are measured on initial recognition at cost. The cost of intangible assets acquired in a business combination is the fair value at the date of acquisition. The useful lives of intangible assets are assessed to be either finite or indefinite. Intangible assets with finite lives are subsequently amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at each financial year end.

### Software

Purchased software is stated at cost less any impairment loss and is amortised on the straight-line basis over its estimated useful life of 3 years.

### Customer relationship

Customer relationship acquired in business combinations are recognised at fair value at the acquisition date. The customer relationship has a finite useful life and is stated at cost less accumulated amortisation and any impairment losses. Amortisation is calculated using the straight-line method over the expected useful lives which is 10 years, taking into account the prior experience of the renewal pattern of property management contracts.

### Leases

The Group assesses at contract inception whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

### Group as a lessee

The Group applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Group recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

#### (a) Right-of-use assets

The Group recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease terms and the estimated useful lives of the assets as follows:

Leased office buildings	1 to 5 years
-------------------------	--------------

### 2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### Leases (Continued)

##### Group as a lessee (Continued)

###### (a) Right-of-use assets (Continued)

If ownership of the leased asset transfers to the Group by the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset.

###### (b) Lease liabilities

Lease liabilities are recognised at the commencement date of the lease at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Group and payments of penalties for termination of a lease, if the lease term reflects the Group exercising the option to terminate the lease. The variable lease payments that do not depend on an index or a rate are recognised as an expense in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Group uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in lease payments (e.g., a change to future lease payments resulting from a change in an index or rate) or a change in assessment of an option to purchase the underlying asset.

###### (c) Short-term leases and leases of low-value assets

The Group applies the short-term lease recognition exemption to its short-term leases of machinery and equipment (that is those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the recognition exemption for leases of low-value assets to leases of office equipment and laptop computers that are considered to be of low value.

Lease payments on short-term leases and leases of low-value assets are recognised as an expense on a straight-line basis over the lease term.

## 2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### Investments and other financial assets

#### *Initial recognition and measurement*

Financial assets are classified, at initial recognition, as subsequently measured at amortised cost, fair value through other comprehensive income, and fair value through profit or loss.

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the Group's business model for managing them. With the exception of trade receivables that do not contain a significant financing component or for which the Group has applied the practical expedient of not adjusting the effect of a significant financing component, the Group initially measures a financial asset at its fair value plus in the case of a financial asset not at fair value through profit or loss, transaction costs. Trade receivables that do not contain a significant financing component or for which the Group has applied the practical expedient are measured at the transaction price determined under IFRS 15 in accordance with the policies set out for "Revenue recognition" below.

In order for a financial asset to be classified and measured at amortised cost or fair value through other comprehensive income, it needs to give rise to cash flows that are solely payments of principal and interest ("**SPPI**") on the principal amount outstanding. Financial assets with cash flows that are not SPPI are classified and measured at fair value through profit or loss, irrespective of the business model.

The Group's business model for managing financial assets refers to how it manages its financial assets in order to generate cash flows. The business model determines whether cash flows will result from collecting contractual cash flows, selling the financial assets, or both. Financial assets classified and measured at amortised cost are held within a business model with the objective to hold financial assets in order to collect contractual cash flows, while financial assets classified and measured at fair value through other comprehensive income are held within a business model with the objective of both holding to collect contractual cash flows and selling. Financial assets which are not held within the aforementioned business models are classified and measured at fair value through profit or loss.

All regular way purchases and sales of financial assets are recognised on the trade date, that is, the date that the Group commits to purchase or sell the asset. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the period generally established by regulation or convention in the marketplace.

### 2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### Investments and other financial assets (Continued)

##### **Subsequent measurement**

The subsequent measurement of financial assets depends on their classification as follows:

##### **Financial assets at amortised cost (debt instruments)**

Financial assets at amortised cost are subsequently measured using the effective interest method and are subject to impairment. Gains and losses are recognised in profit or loss when the asset is derecognised, modified or impaired.

##### **Financial assets designated at fair value through other comprehensive income (equity investments)**

Upon initial recognition, the Group can elect to classify irrevocably its equity investments as equity investments designated at fair value through other comprehensive income when they meet the definition of equity under IAS 32 Financial Instruments: Presentation and are not held for trading. The classification is determined on an instrument-by-instrument basis.

Gains and losses on these financial assets are never recycled to the consolidated statement of profit or loss and other comprehensive income. Dividends are recognised as other income in the consolidated statement of profit or loss and other comprehensive income when the right of payment has been established, it is probable that the economic benefits associated with the dividend will flow to the Group and the amount of the dividend can be measured reliably, except when the Group benefits from such proceeds as a recovery of part of the cost of the financial asset, in which case such gains are recorded in other comprehensive income. Equity investments designated at fair value through other comprehensive income are not subject to impairment assessment.

##### **Derecognition of financial assets**

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e., removed from the Group's consolidated statement of financial position) when:

- the rights to receive cash flows from the asset have expired; or
- the Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a "pass-through" arrangement; and either (a) the Group has transferred substantially all the risks and rewards of the asset, or (b) the Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

## 2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### **Derecognition of financial assets** (Continued)

When the Group has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if, and to what extent, it has retained the risk and rewards of ownership of the asset. When it has neither transferred nor retained substantially all the risks and rewards of the asset nor transferred control of the asset, the Group continues to recognise the transferred asset to the extent of the Group's continuing involvement. In that case, the Group also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Group has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Group could be required to repay.

### **Impairment of financial assets**

The Group recognises an allowance for expected credit losses (“**ECLs**”) for all debt instruments not held at fair value through profit or loss. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Group expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

### **General approach**

ECLs are recognised in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12 months (a 12-month ECL). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is required for credit losses expected over the remaining life of the exposure, irrespective of the timing of the default (a lifetime ECL).

At each reporting date, the Group assesses whether the credit risk on a financial instrument has increased significantly since initial recognition. When making the assessment, the Group compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition and considers reasonable and supportable information that is available without undue cost or effort, including historical and forward-looking information.

The Group considers a financial asset in default when contractual payments are 90 days past due. However, in certain cases, the Group may also consider a financial asset to be in default when internal or external information indicates that the Group is unlikely to receive the outstanding contractual amounts in full before taking into account any credit enhancements held by the Group. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

### 2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### Impairment of financial assets (Continued)

##### **General approach** (Continued)

Debt investments at fair value through other comprehensive income and financial assets at amortised cost are subject to impairment under the general approach and they are classified within the following stages for measurement of ECLs except for trade receivables and contract assets which apply the simplified approach as detailed below.

- Stage 1 — Financial instruments for which credit risk has not increased significantly since initial recognition and for which the loss allowance is measured at an amount equal to 12-month ECLs
- Stage 2 — Financial instruments for which credit risk has increased significantly since initial recognition but that are not credit-impaired financial assets and for which the loss allowance is measured at an amount equal to lifetime ECLs
- Stage 3 — Financial assets that are credit-impaired at the reporting date (but that are not purchased or originated credit-impaired) and for which the loss allowance is measured at an amount equal to lifetime ECLs

##### **Simplified approach**

For trade receivables and contract assets that do not contain a significant financing component or when the Group applies the practical expedient of not adjusting the effect of a significant financing component, the Group applies the simplified approach in calculating ECLs. Under the simplified approach, the Group does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date. The Group has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment.

#### Financial liabilities

##### **Initial recognition and measurement**

Financial liabilities are classified, at initial recognition, as payables, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of payables, net of directly attributable transaction costs.

The Group's financial liabilities include trade and other payables and amounts due to related companies.

##### **Subsequent measurement**

The subsequent measurement of financial liabilities depends on their classification as follows:

## 2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### Financial liabilities (Continued)

#### **Financial liabilities at amortised cost**

After initial recognition, financial liabilities are subsequently measured at amortised cost, using the effective interest rate method unless the effect of discounting would be immaterial, in which case they are stated at cost. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the effective interest rate amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the effective interest rate. The effective interest rate amortisation is included in finance costs in the consolidated statement of profit or loss and other comprehensive income.

Depreciation is calculated on the straight-line basis to write off the cost of each item of property, plant and equipment over its estimated useful life. The principal annual rates used for this purpose are as follows:

Machinery	20% to 33.3%
Electronic equipment	20% to 33.3%

#### **Derecognition of financial liabilities**

A financial liability is derecognised when the obligation under the liability is discharged or cancelled, or expires.

When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and a recognition of a new liability, and the difference between the respective carrying amounts is recognised in the consolidated statement of profit or loss and other comprehensive income.

#### **Offsetting of financial instruments**

Financial assets and financial liabilities are offset and the net amount is reported in the statement of financial position if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

### 2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### Inventories

Costs of purchased carparks are determined after deducting rebates and discounts. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

#### Cash and cash equivalents

For the purpose of the consolidated statement of cash flows, cash and cash equivalents comprise cash on hand and demand deposits, and short term highly liquid investments that are readily convertible into known amounts of cash, are subject to an insignificant risk of changes in value, and have a short maturity of generally within three months when acquired, less bank overdrafts which are repayable on demand and form an integral part of the Group's cash management.

For the purpose of the consolidated statement of financial position, cash and cash equivalents comprise cash on hand and at banks, including term deposits, and assets similar in nature to cash, which are not restricted as to use.

#### Provisions

A provision is recognised when a present obligation (legal or constructive) has arisen as a result of a past event and it is probable that a future outflow of resources will be required to settle the obligation, provided that a reliable estimate can be made of the amount of the obligation.

When the effect of discounting is material, the amount recognised for a provision is the present value at the end of the reporting period of the future expenditures expected to be required to settle the obligation. The increase in the discounted present value amount arising from the passage of time is included in finance costs in the consolidated statement of profit or loss and other comprehensive income.

#### Income tax

Income tax comprises current and deferred tax. Income tax relating to items recognised outside profit or loss is recognised outside profit or loss, either in other comprehensive income or directly in equity.

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period, taking into consideration interpretations and practices prevailing in the countries in which the Group operates.

Deferred tax is provided, using the liability method, on all temporary differences at the end of the reporting period between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

## 2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### Income tax (Continued)

Deferred tax liabilities are recognised for all taxable temporary differences, except:

- when the deferred tax liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and
- in respect of taxable temporary differences associated with investments in subsidiaries, associates and joint ventures, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognised for all deductible temporary differences, and the carryforward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, the carryforward of unused tax credits and unused tax losses can be utilised, except:

- when the deferred tax asset relating to the deductible temporary differences arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and
- in respect of deductible temporary differences associated with investments in subsidiaries, associates and joint ventures, deferred tax assets are only recognised to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are reassessed at the end of each reporting period and are recognised to the extent that it has become probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax assets and deferred tax liabilities are offset if and only if the Group has a legally enforceable right to set off current tax assets and current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same taxation authority on either the same taxable entity or different taxable entities which intend either to settle current tax liabilities and assets on a net basis, or to realise the assets and settle the liabilities simultaneously, in each future period in which significant amounts of deferred tax liabilities or assets are expected to be settled or recovered.

### 2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### Government grants

Government grants are recognised at their fair value where there is reasonable assurance that the grant will be received and all attaching conditions will be complied with. When the grant relates to an expense item, it is recognised as income on a systematic basis over the periods that the costs, for which it is intended to compensate, are expensed.

#### Revenue recognition

##### **Revenue from contracts with customers**

Revenue from contracts with customers is recognised when control of goods or services is transferred to the customers at an amount that reflects the consideration to which the Group expects to be entitled in exchange for those goods or services.

When the consideration in a contract includes a variable amount, the amount of consideration is estimated to which the Group will be entitled in exchange for transferring the goods or services to the customer. The variable consideration is estimated at contract inception and constrained until it is highly probable that a significant revenue reversal in the amount of cumulative revenue recognised will not occur when the associated uncertainty with the variable consideration is subsequently resolved.

When the contract contains a financing component which provides the customer with a significant benefit of financing the transfer of goods or services to the customer for more than one year, revenue is measured at the present value of the amount receivable, discounted using the discount rate that would be reflected in a separate financing transaction between the Group and the customer at contract inception. When the contract contains a financing component which provides the Group with a significant financial benefit for more than one year, revenue recognised under the contract includes the interest expense accreted on the contract liability under the effective interest method. For a contract where the period between the payment by the customer and the transfer of the promised goods or services is one year or less, the transaction price is not adjusted for the effects of a significant financing component, using the practical expedient in IFRS 15.

## 2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### Revenue recognition (Continued)

#### **Revenue from contracts with customers** (Continued)

##### (a) *Property management services*

For property management services, the Group bills a fixed amount for services provided on a regular basis and recognises revenue in the amount to which the Group has a right to invoice and that corresponds directly with the value of the performance completed.

The Group charges property management fees in respect of the property management services on a lump sum basis.

On a lump sum basis, the Group is entitled to retain the full amount of the received property management fees. From the property management fees, the Group shall bear expenses associated with, among others, staff, cleaning, garbage disposal, gardening and landscaping, security and general overheads covering the common areas. During the term of the contract, if the amount of the property management fees the Group collected is not sufficient to cover all the expenses incurred, the Group is not entitled to request the property owners to pay the shortfall.

Accordingly, on a lump sum basis, the Group recognises the full amount of the property management fees the Group charged to the property owners and property developers as revenue.

These services are performed by an indeterminate number of acts over a specified period of time. Accordingly, revenue is recognised on a straight-line basis over the specified period unless there is evidence that some other methods better represent the stage of completion, and the costs of services are recognised as incurred in connection with performing such services.

##### (b) *Value-added services to non-property owners*

Revenue from value-added services to non-property owners mainly includes revenue from preliminary planning and design consultancy services to property developers, revenue from cleaning, security, greening, repair and maintenance services to property developers at the pre-delivery stage, and revenue from security support services. The Group agrees the price for each service with the customers upfront and recognises as revenue in the amount to which the Group has the right to invoice and that corresponds directly with the value of performance completed. Revenue from these services is recognised over the scheduled period on a straight-line basis because the customer simultaneously receives and consumes the benefits provided by the Group.

Revenue from value-added services to non-property owners also includes revenue from sales assistance services, additional tailored services customised to non-property owners, housing repair services and pre-delivery inspection services to property developers recognised at a point in time when such consultancy services have been provided.

### 2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### Revenue recognition (Continued)

##### **Revenue from contracts with customers** (Continued)

###### (c) *Community value-added services*

Revenue from community value-added services, including temporary parking service, additional tailored services customised, housing repair services, preliminary planning and design consultancy services, is recognised at a point in time when the service has been provided.

Revenue from the provision of utilities collection service, community common area and advertising booth rental services is recognised over the scheduled period on a straight-line basis because the customer simultaneously receives and consumes the benefits provided by the Group.

#### **Other income**

Interest income is recognised on an accrual basis using the effective interest method by applying the rate that exactly discounts the estimated future cash receipts over the expected life of the financial instrument or a shorter period, when appropriate, to the net carrying amount of the financial asset.

Dividend income is recognised when the shareholders' right to receive payment has been established, it is probable that the economic benefits associated with the dividend will flow to the Group and the amount of the dividend can be measured reliably.

#### **Contract liabilities**

A contract liability is recognised when a payment is received or a payment is due (whichever is earlier) from a customer before the Group transfers the related goods or services. Contract liabilities are recognised as revenue when the Group performs under the contract (i.e. transfers control of the related goods or services to the customer).

#### **Contract costs**

Other than the costs which are capitalised as inventories, property, plant and equipment and intangible assets, costs incurred to fulfil a contract with a customer are capitalised as an asset if all of the following criteria are met:

- (a) The costs relate directly to a contract or to an anticipated contract that the entity can specifically identify.
- (b) The costs generate or enhance resources of the entity that will be used in satisfying (or in continuing to satisfy) performance obligations in the future.
- (c) The costs are expected to be recovered.

## 2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### **Contract costs** (Continued)

The capitalised contract costs are amortised and charged to profit or loss on a systematic basis that is consistent with the transfer to the customer of the goods or services to which the asset relates. Other contract costs are expensed as incurred.

### **Employee benefits**

#### ***Pension scheme***

The Group operates a defined contribution Mandatory Provident Fund retirement benefit scheme (the “**MPF Scheme**”) under the Mandatory Provident Fund Schemes Ordinance for those employees in Hong Kong who are eligible to participate in the MPF Scheme. Contributions are made based on a percentage of the employees’ basic salaries and are charged to profit or loss as they become payable in accordance with the rules of the MPF Scheme. The assets of the MPF Scheme are held separately from those of the Group in an independently administered fund. The Group’s employer contributions vest fully with the employees when contributed into the MPF Scheme.

The employees of the Group’s subsidiaries which operate in Mainland China are required to participate in a central pension scheme operated by the local municipal government. The subsidiaries operating in Mainland China are required to contribute a certain percentage of their payroll costs to the central pension scheme. The contributions are charged to profit or loss as they become payable in accordance with the rules of the central pension scheme.

### **Dividends**

Final dividends are recognised as a liability when they are approved by the shareholders in a general meeting. The Board has proposed not to declare any dividend for the year ended 31 December 2021.

Interim dividends are simultaneously proposed and declared because the Company’s memorandum and articles of association grant the directors the authority to declare interim dividends. Consequently, interim dividends are recognised immediately as a liability when they are proposed and declared.

### 2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### Foreign currencies

These financial statements are presented in RMB, which is the Company's functional currency. Each entity in the Group determines its own functional currency and items included in the financial statements of each entity are measured using that functional currency. Foreign currency transactions recorded by the entities in the Group are initially recorded using their respective functional currency rates prevailing at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency rates of exchange ruling at the end of the reporting period. Differences arising on settlement or translation of monetary items are recognised in profit or loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was measured. The gain or loss arising on translation of a non-monetary item measured at fair value is treated in line with the recognition of the gain or loss on change in fair value of the item (i.e., translation difference on the item whose fair value gain or loss is recognised in other comprehensive income or profit or loss is also recognised in other comprehensive income or profit or loss, respectively).

In determining the exchange rate on initial recognition of the related asset, expense or income on the derecognition of a non-monetary asset or non-monetary liability relating to an advance consideration, the date of initial transaction is the date on which the Group initially recognises the non-monetary asset or non-monetary liability arising from the advance consideration. If there are multiple payments or receipts in advance, the Group determines the transaction date for each payment or receipt of the advance consideration.

The functional currencies of certain overseas subsidiaries, joint ventures and associates are currencies other than the RMB. As at the end of the reporting period, the assets and liabilities of these entities are translated into RMB at the exchange rates prevailing at the end of the reporting period and their statements of profit or loss are translated into RMB at the exchange rates that approximate to those prevailing at the dates of the transactions.

The resulting exchange differences are recognised in other comprehensive income and accumulated in the exchange fluctuation reserve. On disposal of a foreign operation, the component of other comprehensive income relating to that particular foreign operation is recognised in profit or loss.

For the purpose of the consolidated statement of cash flows, the cash flows of overseas subsidiaries are translated into RMB at the exchange rates ruling at the dates of the cash flows. Frequently recurring cash flows of overseas subsidiaries which arise throughout the year are translated into RMB at the weighted average exchange rates for the year.

### 3. SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES

The preparation of the Group's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and their accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that could require a material adjustment to the carrying amounts of the assets or liabilities affected in the future.

#### **Estimation uncertainty**

The key assumptions concerning the future and other key sources of estimation uncertainty at the end of the reporting period, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below:

#### ***Impairment of goodwill***

The Group determines whether goodwill is impaired at least on an annual basis. This requires an estimation of the value in use of the cash-generating units to which the goodwill is allocated. Estimating the value in use requires the Group to make an estimate of the expected future cash flows from the cash-generating units and also to choose a suitable discount rate in order to calculate the present value of those cash flows. The carrying amount of goodwill at 31 December 2021 was RMB22,772,000 (2020: RMB22,772,000). Further details are given in note 15 to the consolidated financial statements.

#### ***Provision for expected credit losses on trade receivables***

The Group uses a provision matrix to calculate ECLs for trade receivables. The provision rates are based on days past due for groupings of various customer segments that have similar loss patterns (i.e., by geography, service type, customer type and rating, and coverage by letters of credit and other forms of credit insurance).

The provision matrix is initially based on the Group's historical observed default rates. The Group will calibrate the matrix to adjust the historical credit loss experience with forward-looking information. For instance, if forecast economic conditions (i.e., gross domestic product) are expected to deteriorate over the next year which can lead to an increased number of defaults in the property management sector, the historical default rates are adjusted. At each reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed.

The assessment of the correlation among historical observed default rates, forecast economic conditions and ECLs is a significant estimate. The amount of ECLs is sensitive to changes in circumstances and forecast economic conditions. The Group's historical credit loss experience and forecast of economic conditions may also not be representative of a customer's actual default in the future. The information about the ECLs on the Group's trade receivables is disclosed in note 20 to the consolidated financial statements.

### 3. SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES (Continued)

#### Estimation uncertainty (Continued)

##### **Application of purchase price allocation**

When performing purchase price allocation for subsidiaries acquired during the year, the Group makes several estimates in the determination of the fair value of identifiable assets and liabilities, including:

- (a) Discounted cash flow projections based on reliable estimates of future cash flows from property management services, supported by existing property management contracts and customer relationships, and using discount rates that reflect current market assessments of the uncertainty in the amount and timing of the cash flows; and
- (b) Estimated deferred tax for Corporate Income Tax arising from the fair value adjustment.

Further details of the investments in subsidiaries are given in note 30 to the consolidated financial statements.

##### **Leases – Estimating the incremental borrowing rate**

The Group cannot readily determine the interest rate implicit in a lease, and therefore, it uses an incremental borrowing rate (“**IBR**”) to measure lease liabilities. The IBR is the rate of interest that the Group would have to pay to borrow over a similar term, and with a similar security, the funds necessary to obtain an asset of a similar value to the right-of-use asset in a similar economic environment. The IBR therefore reflects what the Group “would have to pay”, which requires estimation when no observable rates are available (such as for subsidiaries that do not enter into financing transactions) or when it needs to be adjusted to reflect the terms and conditions of the lease (for example, when leases are not in the subsidiary’s functional currency). The Group estimates the IBR using observable inputs (such as market interest rates) when available and is required to make certain entity-specific estimates (such as the subsidiary’s stand-alone credit rating).

##### **Deferred tax assets**

Deferred tax assets are recognised for all deductible temporary differences, and the carryforward of unused tax credits and unused tax losses, to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carryforward of unused tax credits and unused tax losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and level of future taxable profits together with future tax planning strategies. Further details are included in note 26 to the financial statements.

### 3. SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES (Continued)

#### Estimation uncertainty (Continued)

##### **Fair value of unlisted equity investments**

The unlisted equity investments have been valued based on a market-based valuation technique as detailed in note 35 to the financial statements. The valuation requires the Group to determine the comparable public companies (peers) and select the price multiple. In addition, the Group makes estimates about the discount for illiquidity and size differences. The Group classifies the fair value of these investments as Level 3. The fair value of the unlisted equity investments at 31 December 2021 was RMB5,082,000 (2020: RMB6,323,000). Further details are included in note 18 to the financial statements.

### 4. OPERATING SEGMENT INFORMATION

Management monitors the operating results of the Group's business which includes property management services income and value-added services income by project locations for the purpose of making decisions about resource allocation and performance assessment. As all the locations have similar economic characteristics and are similar in the nature of property management services, the nature of the aforementioned business processes, the type or class of the customer for the aforementioned business and the methods used to distribute the property management services and value-added services, all locations were aggregated as one reportable operating segment.

#### Geographical information

No geographical information is presented as the Group's revenue from the external customers is derived solely from its operation in Mainland China and no non-current assets of the Group are located outside Mainland China.

#### Information about major customers

In 2021, revenue from Leading Holdings Group Limited and its subsidiaries ("Leading Holdings Group") contributed 23.5% (2020: 22.3%) of the Group's revenue, respectively. Other than the revenue from Leading Holdings Group, no revenue derived from sales to a single customer or a group of customers under common control accounted for 10% or more of the Group's revenue for the year.

#### Revenue from contracts with customers (Continued)

##### (b) Performance obligations

Information about the Group's performance obligations is summarised below:

##### *Property management services*

The Group recognises revenue in the amount that equals to the right to invoice which corresponds directly with the value to the customer of the Group's performance to date. The Group has elected the practical expedient not to disclose the remaining performance obligations for these types of contracts. The majority of the property management services contracts do not have a fixed term.

##### *Value-added services to non-property owners*

Value-added services to non-property owners mainly include preliminary planning and design consultancy services, sales office management services, cleaning, security, greening, repair and maintenance services, security support services, sales assistance services, additional tailored services, housing repair services and pre-delivery inspection services. The term of the contracts for sales assistance is generally set to expire when the counterparties notify the Group that the services are no longer required. Pre-delivery and consulting services are rendered in a short period of time and there were no unsatisfied performance obligations at the end of the respective periods.

**5. REVENUE, OTHER INCOME AND GAINS** (Continued)**Revenue from contracts with customers** (Continued)**(b) Performance obligations** (Continued)*Community value-added services*

Community value-added services mainly include temporary parking service, additional tailored services customised, housing repair services, preliminary planning and design consultancy services. ## 10. INCOME TAX

The Group is subject to income tax on an entity basis on profits arising in or derived from the tax jurisdictions in which members of the Group are domiciled and operate. Pursuant to the rules and regulations of the Cayman Islands and British Virgin Islands, the Group's subsidiaries incorporated in the Cayman Islands and British Virgin Islands are not subject to any income tax. The Group's subsidiaries incorporated in Hong Kong are not liable for income tax as they did not have any assessable profit currently arising in Hong Kong for the year ended 31 December 2021.

All subsidiaries of the Group operating in Mainland China are taxed in accordance with the Chinese Corporate Income Tax Law. There were three types of tax rates during the reporting period, including the 25% tax rate, the 15% tax rate under the western preferential tax rate policy, and the preferential tax rate policy for small and low-profit enterprises. For the year ended 31 December 2021, Lingyue Property Service and its western branches were subject to the 15% income tax rate, and the remaining branches were subject to the 25% income tax rate, the subsidiaries are subject to the preferential tax rate policy for small and low-profit enterprises.

### 11. DIVIDENDS

The Board proposed no final dividend for the year ended 31 December 2021 (2020: Nil).

## 12. EARNINGS PER SHARE ATTRIBUTABLE TO ORDINARY EQUITY HOLDERS OF THE PARENT

For the purpose of computing basic and diluted earnings per share, the number of ordinary shares has been adjusted retrospectively for the effect of the reorganisation and the capitalisation issue as described in note 27 as if the reorganisation and capitalisation issue had been completed on 1 January 2020.

The calculation of the basic earnings per share amount is based on the profit for the year attributable to ordinary equity holders of the parent, and the weighted average number of ordinary shares of 245,436,507 (2020: 210,000,000) shares in issue during the year, as adjusted to reflect the rights issue during the year.

No adjustment has been made to the basic earnings per share amounts presented for the years of 2021 and 2020 in respect of a dilution as the Group had no potential dilutive ordinary shares in issue during the years.

The calculations of basic earnings per share are based on:

#### Impairment testing of goodwill

Goodwill acquired through business combinations is allocated to the following cash-generating units:

Meishan Tianfu cash-generating unit;

Ziyang Jiamei cash-generating unit; and

Chengdu Xindi cash-generating unit

**15. GOODWILL** (Continued)**Impairment testing of goodwill** (Continued)**Meishan Tianfu cash-generating unit**

The recoverable amount of the Meishan Tianfu cash-generating unit has been determined based on a value-in-use calculation using cash flow projections based on financial budgets covering a five-year period approved by management. The pre-tax discount rate applied to the cash flow projections is 17.9% (2020: 17.9%) per annum. The growth rate used to extrapolate the cash flows beyond the five-year period is 3% (2020: 3%).

**Ziyang Jiamei cash-generating unit**

The recoverable amount of the Ziyang Jiamei cash-generating unit has been determined based on a value-in-use calculation using cash flow projections based on financial budgets covering a five-year period approved by management. The pre-tax discount rate applied to the cash flow projections is 18.2% (2020: 17.7%) per annum. The growth rate used to extrapolate the cash flows beyond the five-year period is 3% (2020: 3%).

**Chengdu Xindi cash-generating unit**

The recoverable amount of the Chengdu Xindi cash-generating unit has been determined based on a value-in-use calculation using cash flow projections based on financial budgets covering a five-year period approved by management. The pre-tax discount rate applied to the cash flow projections is 17.7% (2020: 17.6%) per annum. The growth rate used to extrapolate the cash flows beyond the five-year period is 3% (2020: 3%).

The management of the Group believes that any reasonably possible change in the key assumptions of the value-in-use calculation would not cause the carrying amounts to exceed recoverable amounts of the Meishan Tianfu cash-generating unit, the Ziyang Jiamei cash-generating unit and the Chengdu Xindi cash-generating unit.

The carrying amount of goodwill allocated to each of the cash-generating units is as follows:

	Meishan Tianfu		Ziyang Jiamei		Chengdu Xindi		Total	
	2021 RMB'000	2020 RMB'000	2021 RMB'000	2020 RMB'000	2021 RMB'000	2020 RMB'000	2021 RMB'000	2020 RMB'000

### 15. GOODWILL (Continued)

#### Impairment testing of goodwill (Continued)

##### **Chengdu Xindi cash-generating unit** (Continued)

Assumptions were used in the value-in-use calculation of the Meishan Tianfu cash-generating unit, the Ziyang Jiamei cash-generating unit and the Chengdu Xindi cash-generating unit for 31 December 2021. The following describes each key assumption on which management has based its cash flow projections to undertake impairment testing of goodwill:

*Budgeted revenue* — The budgeted sales amounts are based on the historical data and management's expectation on the future market.

*Budgeted gross margins* — The basis used to determine the value assigned to the budgeted gross margins is the average gross margins achieved in the year immediately before the budget year, increased for expected efficiency improvements, and expected market development.

*Long term growth rate* — The basis used to determine the value assigned to the annual revenue growth rates is the annual revenue achieved in the year immediately before the budget year, increased for expected efficiency improvements, and expected market development.

*Pre-tax discount rate* — The pre-tax discount rates used are before tax and reflect specific risks relating to the relevant units.

The values assigned to the key assumptions on the annual revenue growth rates of Meishan Tianfu, Ziyang Jiamei and Chengdu Xindi and pre-tax discount rates are consistent with external information sources.

## 20. TRADE RECEIVABLES

	<b>2021</b> <i>RMB'000</i>	2020 <i>RMB'000</i>
Trade receivable	<b>88,108</b>	59,120
Impairment	<b>(11,059)</b>	(6,671)
	<b>77,049</b>	52,449

Trade receivables mainly arise from property management services income. The Group's trading terms with its customers are mainly on credit, except for new customers, where payment in advance is normally required. The Group seeks to maintain strict control over its outstanding receivables and has a credit control department to minimise credit risk. Overdue balances are reviewed regularly by senior management and credit limits attributed to customers are reviewed once a month. In view of the aforementioned and the fact that the Group's trade receivables relate to a large number of diversified customers, there is no significant concentration of credit risk. Trade receivables are non-interest-bearing.

An ageing analysis of the trade receivables as at the end of the reporting period, based on the date of revenue recognition, net of provision for the loss allowance for impairment, is as follows:

	<b>2021</b> <i>RMB'000</i>	2020 <i>RMB'000</i>

## Notes to the Financial Statements

31 December 2021

### 20. TRADE RECEIVABLES (Continued)

The movements in provision for the loss allowance for impairment of trade receivables are as follows:

	2021 RMB'000	2020 RMB'000
At the beginning of the year	6,671	4,754
Impairment losses, net (note 6)	4,388	1,917
At end of year	11,059	6,671

An impairment analysis was performed at each reporting date using a provision matrix to measure expected credit losses. The provision rates were based on the ageing of trade receivables for groupings of various customer segments with similar loss patterns. The calculation reflected the probability-weighted outcome, the time value of money and reasonable and supportable information that was available at the reporting date about past events, current conditions and forecasts of future economic conditions. Generally, trade receivables were written off if they aged more than three years and were not subject to enforcement activity.

Set out below is the information about the credit risk exposure on the Group's trade receivables using a provision matrix:

#### As at 31 December 2021

	Past due				Total
	Less than 1 year	1 to 2 years	2 to 3 years	Over 3 years	
Expected credit loss rate (%)	5.49	17.14	31.94	52.06	12.55%
Gross carrying amount (RMB'000)	59,001	16,856	7,195	5,056	88,108
Expected credit losses (RMB'000)	3,240	2,889	2,298	2,632	11,059

#### As at 31 December 2020

	Past due				Total
	Less than 1 year	1 to 2 years	2 to 3 years	Over 3 years	
Expected credit loss rate (%)	5.38	15.88	29.14	52.87	11.28%
Gross carrying amount (RMB'000)	41,532	10,433	4,225	2,930	59,120
Expected credit losses (RMB'000)	2,234	1,657	1,231	1,549	6,671

**21. PREPAYMENTS, OTHER RECEIVABLES AND OTHER ASSETS**

	<b>2021</b> <i>RMB'000</i>	2020 <i>RMB'000</i>
Due from third parties ( <i>note 34</i> )	<b>8,780</b>	9,360
Prepayments on behalf of customers to utility suppliers	<b>4,115</b>	3,327
Due from a non-controlling shareholders of a subsidiary ( <i>note 34</i> )	—	1,511
Other prepayments	<b>6,634</b>	8,319
Advances to employees	<b>2,546</b>	1,690
Deposits	<b>2,504</b>	2,542
Other tax recoverable	<b>3,445</b>	—
Other receivables ( <i>note 34</i> )	<b>6,461</b>	4,269
	<b>34,485</b>	31,018
Impairment allowance	<b>(469)</b>	(592)
	<b>34,016</b>	30,426

Other receivables are unsecured and have no fixed terms of repayment.

The movements in the loss allowance for impairment of other receivables are as follows:

	<b>2021</b> <i>RMB'000</i>	2020 <i>RMB'000</i>
At beginning of year	<b>592</b>	333
(Reversal)/impairment losses, net ( <i>note 6</i> )	<b>(123)</b>	259
At the end of the year	<b>469</b>	592

For other receivables included in amounts due from third parties, advances to employees and deposits, the Group made periodic individual assessment on the recoverability based on historical settlement records and past experience. The Group has assessed that the credit risk of these other receivables has not increased significantly since initial recognition and the loss allowance is measured at an amount equal to 12-month ECLs, and has assessed that the expected credit losses are immaterial.

For other receivables included in prepayments on behalf of customers to utility suppliers and other receivables, the Group determined the expected credit loss rate by considering the nature and historical default rates. The Group applied a 5% (2020: 5%) expected credit loss rate to these other receivables during the year.

## 22. CASH AND CASH EQUIVALENTS

	<b>2021</b> <i>RMB'000</i>	2020 <i>RMB'000</i>
Cash and bank balances	<b>275,395</b>	68,274
Less: Restricted cash	<b>1</b>	—
Pledged deposits	<b>105</b>	—
Cash and cash equivalents	<b>275,289</b>	68,274

The RMB is not freely convertible into other currencies, however, under Mainland China's Foreign Exchange Control Regulations and Administration of Settlement, Sale and Payment of Foreign Exchange Regulations, the Group is permitted to exchange RMB for other currencies through banks authorised to conduct foreign exchange business.

Cash at banks earns interest at floating rates based on daily bank deposit rates. The cash and bank balances are deposited with creditworthy banks with no recent history of default. The carrying amounts of the cash and cash equivalents approximate to their fair values.

As at 31 December 2021, the internal credit ratings of restricted cash and cash and cash equivalents were regarded as the grade of performing. The Group has assessed that the credit risk of the restricted cash and cash and cash equivalents has not increased significantly since initial recognition and measured the impairment based on 12-month expected credit losses, and has assessed that the expected credit losses are immaterial.

## 23. TRADE PAYABLES

An ageing analysis of the trade payables as at the end of the reporting period, based on the invoice date, is as follows:

	<b>2021</b> <i>RMB'000</i>	2020 <i>RMB'000</i>
Within 1 year	<b>30,434</b>	18,429
Over 1 year	<b>236</b>	191
	<b>30,670</b>	18,620

The trade payables are non-interest-bearing and are normally settled on 90-day terms.

As at 31 December 2021, the carrying amounts of trade payables approximated to their fair values.

## 24. OTHER PAYABLES AND ACCRUALS

	2021 RMB'000	2020 RMB'000

Others (note 34)	4,938	4,638
	<b>94,343</b>	<b>86,162</b>

Other payables are unsecured and repayable on demand. The fair values of other payables at each reporting date approximated to their corresponding carrying amounts.

## 25. CONTRACT LIABILITIES

	31 December 2021 RMB'000	31 December 2020 RMB'000
<i>Short-term advances received from customers</i>		
Property management services	77,432	62,361
Total contract liabilities	<b>77,432</b>	<b>62,361</b>

The Group receives payments from customers based on billing schedules as established in the property management contracts. A portion of payments is usually received in advance of the performance under the contracts which are mainly from property management services. According to the business model of the Group, for the recognition of revenue from the provision of property management services, all such revenue was carried forward from contract liabilities.

**26. DEFERRED TAX** (Continued)**Deferred tax liabilities** (Continued)

For presentation purposes, certain deferred tax assets and liabilities have been offset in the consolidated statement of financial position. The following is an analysis of the deferred tax balances for financial reporting purposes:

	<b>2021</b> <i>RMB'000</i>	2020 <i>RMB'000</i>
Net deferred tax assets recognised in the consolidated statement of financial position	<b>4,503</b>	3,703
Net deferred tax liabilities recognised in the consolidated statement of financial position	<b>2,405</b>	2,739

Deferred tax assets have not been recognised in respect of these losses as they have arisen in subsidiaries that have been loss-making for some time and it is not considered probable that taxable profits will be available against which the tax losses can be utilised.

Deferred tax assets have not been recognised in respect of the following item:

	<b>2021</b> <i>RMB'000</i>	2020 <i>RMB'000</i>
Tax losses	<b>24</b>	72

The above tax losses are available indefinitely for offsetting against future taxable profits of the companies in which the losses arose. Deferred tax assets have not been recognised in respect of the above item as it is not considered probable that taxable profits will be available against which the above item can be utilised.

Pursuant to the PRC Corporate Income Tax Law, a 10% withholding tax is levied on dividends declared to foreign investors from the foreign investment enterprises established in Mainland China. The requirement is effective from 1 January 2008 and applies to earnings after 31 December 2007. A lower withholding tax rate may be applied if there is a tax treaty between Mainland China and the jurisdiction of the foreign investors. For the Group, the applicable rate is 10%. The Group is therefore liable for withholding taxes on dividends distributed by those subsidiaries established in Mainland China in respect of earnings generated from 1 January 2008.

As at 31 December 2021, no deferred tax has been recognised for withholding taxes that would be payable on the unremitted earnings that are subject to withholding taxes of the Group's subsidiaries established in Mainland China. In the opinion of the directors of the Company, the Group's fund will be retained in Mainland China for the expansion of the Group's operation, so it is not probable that these subsidiaries will distribute such earnings in the foreseeable future.

On 28 August 2020, the Company was incorporated in the Cayman Islands as an exempted company with limited liability. As of the date of incorporation, the authorised share capital of the Company was HK\$380,000 divided into 38,000,000 ordinary shares of HK\$0.01 each. Upon its incorporation, one share was allotted and issued. On 28 August 2020, an additional 9,999 shares were allotted and issued.

On 21 January 2021, an additional 50,000 shares were allotted and issued.

Pursuant to the written resolutions of the controlling shareholders passed on 22 June 2021, the authorised share capital of the Company was increased from HK\$380,000 divided into 38,000,000 shares to HK\$6,000,000 divided into 600,000,000 shares by the creation of 562,000,000 additional shares.

## 27. SHARE CAPITAL (Continued)

### Shares (Continued)

In connection with the listing of the shares of the Company on The Stock Exchange of Hong Kong Limited (the “**Stock Exchange**”), 70,000,000 new ordinary shares with a nominal value of HK\$0.01 each were issued at a price of HK\$4.19 per ordinary share for a total cash consideration of HK\$293,300,000, before deducting underwriting fees, commissions and related expenses. In addition, 209,940,000 shares were issued by way of capitalisation. Dealings in the shares of the Company on the Stock Exchange commenced on 12 July 2021.

On 9 August 2021, the over-allotment option has been fully exercised and the Company allotted and issued 5,685,000 additional shares at HK\$4.19 per share.

## 28. RESERVES

The amounts of the Group’s reserves and the movements therein for the current and prior years are presented in the consolidated statement of changes in equity on pages 65 to 66 of this annual report.

### (a) Share premium

The share premium represents the difference between the par value of the shares issued and the consideration received.

### (b) Merger reserve

The merger reserve of the Group represents the issued capital of the holding company of the companies now comprising the Group and the capital contributions from the equity holders of certain subsidiaries now comprising the Group before the completion of the reorganisation.

### (c) Fair value reserve of financial assets at fair value through other comprehensive income

The fair value reserve of financial assets at fair value through other comprehensive income represents unrealised fair value gains or losses for equity investment designated at FVOCI.

### (d) Statutory surplus reserve

In accordance with the PRC Company Law and the articles of association of the subsidiaries established in the PRC, the Group is required to appropriate 10% of its net profits after tax, as determined under the Chinese Accounting Standards, to the statutory surplus reserve until the reserve balance reaches 50% of its registered capital. Subject to certain restrictions set out in the relevant PRC regulations and in the articles of association of the Group, the statutory surplus reserve may be used either to offset losses, or to be converted to increase share capital, provided that the balance after such conversion is not less than 25% of the registered capital of the Group. The reserve cannot be used for purposes other than those for which they are created and are not distributable as cash dividends.

### 35. FAIR VALUE AND FAIR VALUE HIERARCHY OF FINANCIAL INSTRUMENTS

The Group's finance department headed by the finance manager is responsible for determining the policies and procedures for the fair value measurement of financial instruments. The finance manager reports directly to the chief financial officer. At each reporting date, the finance department analyses the movements in the values of financial instruments and determines the major inputs applied in the valuation. The valuation is reviewed and approved by the chief financial officer.

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The following methods and assumptions were used to estimate the fair values:

The fair value of the unlisted equity investment has been estimated by using the market approach, using the ratio of price to book value ("**PB ratio**") of certain comparable companies in the same industry, in arriving at an indicated value of the unlisted equity interest. The valuation takes account of a discount for lack of marketability on this investment. The directors believe that the estimated fair values resulting from the valuation technique, which are recorded in the consolidated statement of financial position, and the related changes in fair values, which are recorded in other comprehensive income, are reasonable, and that they were the most appropriate values at the end of each of the Relevant Periods. The valuation process and results are discussed with the board of directors twice a year for annual financial reporting.

Set out below is a summary of significant unobservable inputs to the valuation of financial instruments together with a quantitative sensitivity analysis as at 31 December 2021 and 2020:

	Valuation technique	Significant unobservable input	Range	Sensitivity of fair value to the input
Unlisted equity investments	Valuation multiples	Discount for lack of marketability (" <b>DLOM</b> ")	25% to 30% (2020: 25% to 30%)	5% (2020: 5%) increase/decrease in DLOM would result in decrease/increase in fair value by RMB350,000 (2020: RMB436,000)

The discount for lack of marketability represents the amounts of premiums and discounts determined by the Group that market participants would take into account when pricing the investments.

### 36. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Group's principal financial instruments comprise cash and bank balances, trade receivables and other receivables, trade payables and other payables, which arise directly from its operations, amounts with related companies and other receivables. The main purpose of these financial instruments is to raise finance for the Group's operations.

The main risks arising from the Group's financial instruments are foreign currency risk, credit risk and liquidity risk. The board of directors reviews and agrees policies for managing each of these risks and they are summarised below.

#### Foreign currency risk

The Group has transactional currency exposures. Such exposures arise from sales or purchases by operating units in currencies other than the units' functional currencies. None of the Group's sales (2020: Nil) were denominated in currencies other than the functional currencies of the operating units making the sale, whilst none (2020: Nil) of costs were denominated in the units' functional currencies.

The Group has currency exposures from its cash and bank balances.

**36. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES** (Continued)**Foreign currency risk** (Continued)

The following table demonstrates the sensitivity at the end of the reporting period to a reasonably possible change in the HKD exchange rate, with all other variables held constant, of the Group's profit before tax (due to changes in the fair values of monetary assets and liabilities).

	Increase/ (decrease) in HKD rate %	Increase/ (decrease) in profit before tax RMB'000
<b>2021</b>		
If the RMB weakens against the HKD	-5%	35
If the RMB strengthens against the HKD	+5%	-35

**Credit risk**

The Group trades only with recognised and creditworthy third parties. It is the Group's policy that all customers who wish to trade on credit terms are subject to credit verification procedures. In addition, receivable balances are monitored on an ongoing basis and the Group's exposure to bad debts is not significant. For transactions that are not denominated in the functional currency of the relevant operating unit, the Group does not offer credit terms without the specific approval of the Head of Credit Control.

**Maximum exposure and year-end staging**

The tables below show the credit quality and the maximum exposure to credit risk based on the Group's credit policy, which is mainly based on past due information unless other information is available without undue cost or effort, and year-end staging classification. The amounts presented are gross carrying amounts for financial assets.

\* For trade receivables to which the Group applies the simplified approach for impairment, information based on the provision matrix is disclosed in note 20. There is no significant concentration of credit risk.

\*\* The credit quality of the financial assets included in prepayments, other receivables and other assets is considered to be "normal" when they are not past due and there is no information indicating that the financial assets had a significant increase in credit risk since initial recognition.

**36. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES** (Continued)**Maximum exposure and year-end staging** (Continued)

Further quantitative data in respect of the Group's exposure to credit risk arising from trade receivables are disclosed in note 20 to the financial statements.

**Liquidity risk**

The Group's objective is to maintain a balance between continuity of funding and flexibility through the use of trade payables, amounts due to related companies and other payables. Cash flows are being closely monitored on an ongoing basis.

The maturity profile of the Group's financial liabilities as at the end of the reporting period, based on the contractual undiscounted payments, is as follows:

## 36. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (Continued)

### Capital management

The primary objectives of the Group's capital management are to safeguard the Group's ability to continue as a going concern and to maintain healthy capital ratios in order to support its business and maximise shareholders' value.

The Group manages its capital structure and makes adjustments to it in light of changes in economic conditions and the risk characteristics of the underlying assets. To maintain or adjust the capital structure, the Group may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The Group is not subject to any externally imposed capital requirements. No changes were made in the objectives, policies or processes for managing capital during the years ended 31 December 2021 and 31 December 2020.

The Group monitors capital using a gearing ratio, which is the sum of interest-bearing borrowings divided by total equity. The Group did not have interest-bearing borrowings as at 31 December 2021 and 2020. Capital represents total equity.
